Chapter 64 – Drunkard

"Russho~"

Night, when I was reading Grimoire, Veronica suddenly entered the room, and clung to me.

Her face is red, and she's speaking inarticulately. Her tension is different from usual.

"Veronica?"

"Ufufu.....ufufufufu"

"What happened?"

"Russhoo~"

She brought her face closer, and stared at me with glazed eyes.

"You, don't tell me—"

"There'sh Rusho in yar faysh~"

"I can't understand what you're talking about"

"Ahahahaha, there'sh Rusho in Rusho, sho shtrange~"

It's your state that is strange.

"Eei~, eat it~~!"

She suddenly licked me. *Pero*, she licked my cheek.

She put her arms around my neck, and *PeroPero-d*.

I removed Veronica who was like that in a hurry.

"Wait, wait, Veronica?"

"Uffufufufu~"

This time, she started to shake her body back and forth and right and left, as if she's a daruma.

This, maybe she is drunk.

A drunk 8-years-old child, is a rare appearance. Veronica within, is already an adult woman though.

"I'sh shomehow hot"

She fanned herself with her hand.

"Should I open the window? Or is magic better?"

"U~n"

She placed a finger on her forehead, and thought.

"There'sh only Rusho"

I'm alone with Veronica in the room.

"There'sh only Rusho, tha'sh why—le'sh shtrip~"

Veronica suddenly took off her clothes.

Papapa, she took off her clothes, and she's in her camisole appearance.

"Wait, wait"

It was a sudden thing, so I stopped Veronica in a hurry.

"Rusho, are you shtapping me?"

"Yes, yes, drunkards should be quiet"

While stopping her with my hand, I picked up the clothes she took off. This, how should I make her wear it?

It's troublesome, so I should just use magic huh.

"Lucio-kun"

My name was called.

Nadia was looking at me from the shadow of the door silently.

"What is it, Nadia"

"I'm sorry, Lucio-kun"

Nadia entered, and stood in front of me.

Her face is red, and she smells alcohol.

"Did you also drink?"

"Un. Uhh, you know, Vero-chan said, alcohol is good. She said, a proper adult should be able to drink alcohol"

Isn't everyone a child.

No, Veronica's a little different huh.

"I'm Lucio-kun's wife, so, I went with her and just drank a little, but Vero-chan suddenly became like that"

"I see"

I nodded, and looked at Veronica.

"I'm nosh drunk!"

"Yes yes, drunkard, be quiet for a bit"

Veronica's already completely drunk.

"And then, how much did you drink?"

"E~to, Vero-chan's about this much of a cup"

She showed the amount with a gesture of pinching with her thumb and index finger.

There's not even 1cm of a full cup, it's only like licking a drink.

And she became like this with that huh.

"Lucio-kun"

Nadia called my name, she had an unusually uneasy expression.

"What is it"

"Would you become like this if you drink alcohol? I, I drank all of what's left of Vero-chan's drink, but....."

"All what's left in the cup?"

"Un"

"He~"

This one's also interesting in its way.

Nadia's able to talk and answer questions properly, and although her face is red, she's not yet drunk.

"It's alright. Whatever happens, I'm here, I'll do something about it"

"Well, that's right huh"

Nadia got relieved, and the uneasiness in her face completely disappeared.

"Un, there's Lucio-kun here after all. There's no problem then"

"Yeah"

"But, alcohol has a strange taste huh. It's soft, warm, and feels good"

"It's something like that"

"It's like half happiness of when I sleep with Lucio-kun while holding hands"

"What a fresh way of comparing"

"It feels like, I'd like to drink it after taking a bath"

"A genius huh"

Nadia might have a talent for drinking alcohol.

"Russho~"

While I was talking with Nadia, Veronica clung to me from the side.

She clung on my head.

It's the usual shoulder ride-like position, but although she would just cling to me usually, being drunk right now she would swing back and forth.

It's like she's riding a wooden toy horse.

Drunkards are pretty much like this, but still, it's terrible.

She did what she wanted, and fell asleep as if her battery has been cut.

"Vero-chan's like another person. You would become like this when you drinks alcohol huh"

"There's differences in individuals though. Most of the time, if you get drunk, you'd be different than usual"

"Including me?"

"That's if you get drunk properly though"

"That's somehow interesting. I should drink a little bit more"

"Ah~, wait, wait"

I stopped Nadia who was about to jump out of the room.

"It's bad for your health drinking too much alcohol so you should stop"

My wife is treated as an adult socially, but even so, her body is a child's so it isn't good for her.

"Eh~, but, it somehow looks fun you know?"

Nadia looked at Veronica, she seems very envious.

"Hmm, in short, you just want to know what would happen if you get drunk right?"

"Un!"

"I got it--『Reverse Sober』"

I searched in my head in an instant, and used the most suitable magic.

Several candy drops-shaped things came out from my palm.

"What's that?"

"A magical medicine that will make you drunk within a minute with each drop. It's not alcohol so it isn't bad for one's health, and it would only last for a minute"

"That's amazing, something convenient like that exists"

"Try it with this"

"Un!"

Nadia received the candy drop, and put it in her mouth.

Gokun, she swallowed it.

And, in the next instant.

"Rusho-ku~n"

She clung to me with a super high tension.

"Rusho-kun, Rusho-kun, Russho-ku～n"

Completely different from earlier, she was suddenly in a drunk state.

"Rusho-kun!"

"Un"

"Daisuki!"

She clung to me very tightly, and kissed my cheek.

"Daisuki"

She kissed me on the cheek again.

"Dai-Dai-Dai～suki"

She kissed my cheeks so many times.

Does she start kissing a lot when she gets drunk.

A minute of a rain of kisses fell.

"Da～isu.....ki"

The effect of the magic worn off.

Nadia regained herself in an instant.

She looked at my face and the magic candy drop alternately.

This.....it's probably the pattern when one would regret it after getting drunk.

"Well, don't mind it, being drunk is—"

"It's interesting!"

"Eh?"

It's an unexpected reaction.

"It's amazing, Lucio-kun, alcohol is like this huh"

"Alcohol, well, you mean, being drunk"

It's my magic after all.

"I see～.....it's so interesting～. I know, wait for a bit"

Nadia jumped out of the room.

What is it really.

After a while, she came back pulling Sylvia's hand.

"What is it, Nadia-chan. I still have to clean the room"

"Don't mind, don't mind, leave that to Ama-san, Sylvie, eat this"

Nadia gave one of the magic medicine drops to Sylvia.

"Eat this"

"This is?"

"Just eat it"

She couldn't help it, and Sylvia swallowed the magic medicine.

After a moment, her face reddened, and her eyes started to get watery.

"Rusho-samaa~"

She suddenly embraced me. Is it the same pattern with Veronica?

"I'm shorry Rusho-shama, I'm shorry Rusho-shama"

She suddenly cries out

Ahh, she would cry when she'd get drunk huh.

"Uee~n, I'm shorry for alwaysh peeing on the bed"

"Oh~~~, she would cry huh"

Nadia cheerfully laughed.

Sylvia hugged me while crying.

And, one minute.

Just like with the time with Nadia, Sylvia suddenly stopped.

GiGiGi, she went off of me with awkward movements.

She looked at me with grudged eyes.

"You're so bad, Lucio-sama"

"I wonder if it's my fault"

"Nadia-chan, you're also so bad"

"It's alright! Sylvie was cute!"

Nadia made a thumbs up.

What is alright.

"I know, Lucio-kun, you should swallow one too"

"Eh?"

"Un, I want to see Lucio-sama"

"No, no, wait a minute"

I had a cold sweat.

I looked at the『Reverse Sober』candy drop. There's just one more left.

If this goes on, I'd be forced to swallow it, I need to do something---.

"Nope~"

Veronica who I thought was sleeping suddenly woke up, and put the candy drop inside my mouth. It was a sudden thing, so I couldn't help but swallow it.

"This is bad"---it was too late when I thought of that. The magic of drunkenness filled me.

I looked at the three in front of me.

My very cute and lovely wives, my most, super, important young wives.

"Sylvia, Nadia, Veronica"

I took a hand of the three, looked straight at their eyes, and said.

"Let's go get it---the world"

"Lucio-sama, so cool....."

"Lucio-kun....."

"H-Hmph, you're my husband so that much is natural"

Each one of the three reacted differently.

Eyes sparkling, seeming very content, everyone was very supportive.

But---after one minute.

I deeply regret that I was born in this world.

Chapter 65 – That Body is Surely Made with Cotton

Royal Capital La Linea, in the Royal Grimoire Library.

After successfully finishing the case with Guernica, I came back and am reading Grimoire as usual.

The one I'm reading right now is a story that I probably have seen somewhere.

A small girl dropped a doll in the spring, and when she was crying out loud, a goddess appeared from the spring asking "Is this the doll you have dropped".

"This probably came from respecting golden axe and silver axe~"

The honest girl pushed back the expensive doll to the goddess, begging to return the doll that the girl has fond memories with.

"Ahh, it's probably a similar development with a 'good Gian'"(TL: Doraemon bully) For reading manga, this one has a more familiar development. It's a good work after all, un.

I read the Grimoire until the end, and learned the magic.

I should try it I thought, and chanted the spell.

"『Possess Doll』"

In an instant, it was pure white in front of me.

It's a similar feeling with teleportation or summoning magic.

I entrusted my body to the magic.

After a while, my sight returned.

(This.....where is it? Mu!)

First, I noticed that my voice wouldn't come out.

I tried to speak but my voice won't come out. I feel my mouth moving, but there's no voice.

(『Light』)

I tried to use magic. The tip of my finger lit.

It looks like there's no problem using magic.

And with that, I calmed down, and looked around.

It looks like it's a room. On top of that, one that I'm familiar with.

I took a look around.

(Coco?)

I saw our house's pet dog.

A dog-eared girl with beautiful fur and is mofumofu. A mysterious race that changes to a cat-eared girl when she's splashed with water.

That Coco, she was lying flat on the bed.

In a position that is a little strange as a beastman, she's sleeping with her body curled up like a dog.

(I see, this is Coco's room huh. Well, there's no helping that I'm familiar with it) I looked inside the room once again. There's no doubt, it is a room in my mansion in the royal capital La Linea.

I found out my own appearance in the glass window.

I became a doll.

A doll that is the third of Coco's size.

My look—it is exactly like me.

Just a little bit reformed, but a doll that you'd know it's me with a glance.

I moved my hand, the doll raised its hand to its limit.

I moved my feet, the doll took a turn.

I took a pose, Sapotendā. (TL: Cactuar in final fantasy) I see, it means I'm inside this doll because of the magic huh.

It's connected with the contents of the manga, and also in the spell's name.

It's probably a magic to go inside a doll.

But, how can I say this.....it's quite tattered.

The Lucio doll that is shown in the glass window that I'm inside, can be obviously seen as tattered.

The cheeks are a little dirty, there's loose threads here and there, and when it comes to the shorts, there's a little hole and cotton is coming out.

"Why did it become like this", when I was thinking of that.

"Unya～....."

I heard Coco's voice.

I turned around, Coco's sleepy face because of the warm sunlight is looking towards me.

"This is where it's warm～....."

She said that, and hugged me(the doll).

And just slept like that——but when I was thinking of that, she started to rub her cheeks to the doll.

She rubbed her cheeks, or bit it softly. She did that while still half-asleep.

(Well, it can't be helped that it would be in tatters) Her drool seeps into the parts where she bit lightly, and I felt a strange feeling.

Well then, what should I do.

I already checked the magic, so I should probably return to my body.

The instant I thought of that, it was pure white in front of me.

A common phenomenon with teleportation or summoning.

It's the same phenomenon when I went inside the doll.

But——I didn't do anything.

I didn't use any magic.

What happened?

After a while, my sight recovered.

The thing that I saw was a different dimensional space.

"Kukuku, I have waited, I waited for this time"

Demon King Balthazar's space.

His appearance is a little bit different from awhile ago.

It's originally close to a human's, but right now, it feels like he's become half-monster(?).

"I casted magic on you. I have waited for the time that you are away from your physical body, I have waited for this time that you cannot use your full powers"

Was he doing something like that.

"And—Nnuuun!!"

With a shout, Balthazar's clothes tore apart.

It's barely humanoid form, but most of it is a monster-like body.

It feels a quite different from before.

"This is my metal beast monster body that I turned to with the body reformation that I used half of my magic powers. With this, I can win, this time for sure, I will defeat you and return to the mortal world; I will dye the earth with fear"

.....

"Dieee!!"

I instantly killed Balthazar, and returned to the mansion.

Oh really. That guy, isn't he getting more persistent every time?

That's already in the range of being a stalker you know.

I looked at my own appearance that is shown in the glass window.

The tattered doll from the start, became more tattered.

It was actually more different with using this doll body so I received a hit from him.

The cheeks got broke, and cotton was coming out from there.

(『Repair』)

I used magic towards my self—to the doll.

The tattered doll gradually got repaired with the power of magic.

With a blink of an eye, it was like a new one.

(Well then, this time for real, I should return to my body) "Unyaa～....."

Coco woke up again.

She looked around with her sleepy face.

"Mashter'sh not here～....."

I stealthily moved in front of Coco.

Coco turned looking around, and stared at me.

She touched me, and smelled me.

"I'sh wrong～....."

Coco made a very sad face.

Mu!

"Mashter～, where are you～....."

She looked around with a face that is about to cry, and searched for the doll.

This is bad, I fixed it too much.

I remembered the contents of the Grimoire.

New and pretty doesn't mean that it's good.

I strongly imaged the appearance before.

That appearance that was shown in the glass window.

(『Restoration』)

I chanted the spell, and casted the magic on me.

The doll's appearance changed.

The cheeks are a little dirty, there's loose threads here and there, and the

shorts is a little broken and cotton is coming out.

To that, original appearance.

".....sun"

Coco sounded her nose, and looked towards me.

"There it is~"

Her face changed to one that has an innocent smile.

She pulled me(the doll), and hugged me.

And after that, she returned to her dog position, and slept again.

She rubbed her cheeks, or bit me lightly and sweetly.

"Uhehe~....."

My tattered appearance became more tattered.

More than when I was hit by Balthazar, more tattered than that.

Coco, she seemed very happy.

While feeling her drool seeping into this body, I continued to look at her happy smile.

Chapter 66 – Frankenstein

I woke up in the morning, and came to the kitchen.

"Good morning, Danna-sama"

"Ah! Good morning, Lucio-sama"

Sylvia and Amanda who were in the kitchen welcomed me.

It looks like the two were cooking together.

"Are you making breakfast?"

"U~un. We are making Lucio-sama's bentou"

"Bentou?"

"Yes. Today, Lucio-sama is going to the library right"

"I'm planning to"

"We are making the bentou for that"

"He~, what kind of bentou is it?"

"Ah! No!"

When I was about to take a peek, Sylvia tried to hide the bentou in a hurry.

Because she was in a hurry, her hand slipped, and the contents were thrown into the table.

"Ah!....."

Sylvia got depressed. She stared at what was fell off with a sad face.

It's my fault.

"It is alright, Oku-sama"(TL: Oku-sama = Madam/Mrs) On the other hand, Amanda-san was in her usual attitude.

"There is still another set of ingredients. Let's make it again"

"Un. I'm sorry, Lucio-sama. I will send it later, so"

"I'm sorry too, I'll wait in my room until it's made"

"Yes!"

Sylvia nodded with a smile.

I took a glance at the dishes Amanda-san was picking up, and left the kitchen.

Guessing from the dishes for the bentou she was picking up, it's a character bentou--on top of that, it's a character bentou with my appearance.

Well, that is really embarrassing to be found out.

On the other hand, Amanda-san picked all of it and placed it in a bentou box, but.

"It's like a funny facial expression"(TL: Fukuwarai 福笑い = no direct translation) I thought.

"What is a funny expression?"

Nadia who I met in the hallway asked.

"You don't know what a fukuwarai is?"

"I don't know"

"I see"

I thought for a while.

Since I'm going to wait for Sylvia's bentou.

"You want to play a little?"

"Un! What would we play with? You want to put water in an ant hole?"

"It's not that kind of a game that an elementary school boy would play"

I came to the living room with Nadia.

I sat on the sofa with Nadia, and used magic.

"『Montage Body』"

The light of the magic floats in the air.

"What would you do with this"

"Look. The face is Amanda-san's, the body is adult Veronica's, and the clothes.....it's Nii-san's"

I touched the light of the magic, closed my eyes, and imagined and selected the parts.

The light flickered. It repeatedly got stronger and weaker, and finally collected.

And there, one doll appeared.

It's the appearance that I selected.

The face is steel faced Amanda-san's, the body is glamorous adult Veronica's, and the clothes are Isaac's that can be described as a peacock's.

"Kyahahahaha, what's that, so fu～nnny～"

"It's that kind of magic. Do it just like I did just now"

I casted『Montage Body』once again, and returned the doll to the light of the magic.

Nadia touched that just like I did earlier, closed her eyes and started whispering.

After a while, that was created.

"What is this"

"Lucio-kun's normal body, Lucio-kun's dragon wings, and Overlord Lucio-kun's face"

"O-Ou"

The thing that Nadia created—unexpectedly, I thought that it was cool.

The size of the body is the same as a child like me right now, but there are dragon wings in the back that symbolize strength, and the face is the "amazing me" that Nadia and Sylvia created in their delusions before.

Honestly, it's quite cool.

"Lucio-kun, so cool....."

"『Montage Body』"

I thought myself that it was cool, but it's embarrassing if she would get bewitched by it right in front of me.

I casted the magic, and returned the doll to the light of the magic.

"Eh~, why did you erase it?"

"Whatever. Make something else"

"Che~. Let me think.....ne~ne~, Lucio-kun, can you make this more detailed?"

"More detailed?"

"For example.....oh, I should just show you how"

Nadia said that, and made a doll again.

The one that appeared was one bishoujo.

A bishoujo that I feel that I have seen before.

"What is this"

"Sylvie's eyes, my nose, and Vero-chan's lips"

"Ahh, you limited it in your face's parts and shuffled it huh"

I looked at the doll, I got it when she told me, it's the parts of my wives.

It's really like a montage picture.

"Lucio-kun, one more time"

"『Montage Body』"

"This.....make it like this"

"Please stop sticking that face in a dragon's body"

What the heck.

"One more, one more"

"Yes, yes. 『Montage Body』"

"This time.....like this! I stuck Ojii-chan and Ou-sama together"

"Don't stick them vertically! It's not Baron Ashura you know"

"One more time!"

I played with magic with Nadia.

"Ne～ne～, can't this be made together?"

"Un? Together?"

"For example, I will decide the eyes and the lips, and Lucio-kun would decide the eye brows and the nose. Like that"

"It can be"

"Really! Then, let's try it"

"『Montage Body』"

The two of us touched the light of the magic.

I closed my eyes.

"The hair.....I've decided. Next, it's Lucio-kun"

"I've decided the eyebrows.....is this right? Next, it's Nadia"

"It's alright with that. Then, the eyes is this person's!"

"What kind of appearance would this become.....this one's the nose"

"I'll reveal only the ears okay.....Coco-chan!"

"It became animal ears! This is bad, the unbalance with the eyes are already so bad"

While talking like that with each part, Nadia and I played with the creation.

While expecting on what would be made.

And finally.

"Fuu～, it's finished.....pu!"

"Oi, oi ,oi ,oi"

"Aha, ahahahaha. This is so bad～. If this comes outside, it would be arrested"

"Rather than that, I think that they'd die passing out because of the shock"

"Ahahaha, that might be true"

The one that came out.....was a living thing that cannot be named.

It is barely maintaining human shape, but at worst, it can't be seen as a person.

It's like a frankenstein, like ten times worse than that.

Even with one hand, three of it is my wife's and the remaining is Coco and Mami's.

There's no bad thing in the choice, but it can only be called as bad.

"I'll show them this for a bit~!"

Nadia carried the doll and jumped out of the living room.

I heard Sylvia's scream from the kitchen's direction.

Oh really.

".....『Montage Body』"

I used the magic again in the living room that I was left alone.

I invoked to the light of the magic.

Sylvia.

Nadia.

Veronica.

I chose the parts while invoking the appearance of my wives.

A beautiful doll that in some meaning, is the combination of the three.

With that.....I.....

Without helping it, I gaped in admiration.

.....but.

"Lucio-kun is cheating with an amazing beauty!"

It was so difficult to explain to Nadia who had returned.

Chapter 67 – Lucio-sensei

"Nya!"

『Too bad, it's a miss～』

"How about this.....nya!"

『Ahaha～, you can't catch me～』

Inside the mansion, I took a look because it was noisy, and I saw the cat-eared girl Mami and manga ghost Chris playing together.

Inside the wide room that is usually not used, Chris was flying here and there, and Mami was jumping towards her, they repeatedly did that.

"What are you doing, the two of you"

『Ah, it's Papa. Good mornin～』

"Good morning"

Chris that has a high tension, and Mami with a low one. The two were really contrasting.

『We were playing a game of tag, Mami's the 'it'』(TL: Oni gokko 鬼ごっこ)
"Tag?"

『Un. It can also be called police and the thief』

"It's called the police and the thief in our neighborhood. Uhh no, I didn't mean that. Isn't it boring for you to play tag"

『Actually, not at all. Here, take a look, unlike before, am I not more visible?』

Chris said that, and took poses like a model.

.....honestly.

"There isn't any difference"

Her appearance is still the same when we first met.

『Eh～, look more closely, Papa』

"Even if you say that....."

I stared at her once again.

As I've thought, she looked unchanged. To stretch a point, it's like I could clearly see her better than before.

"Un? I can see you clearer?"

『You finally got it?』

Chris became smug.

I looked at her carefully once more. It's true that I could see her more clearly.

Before, I could clearly see through her transparent body, but now it's harder to see through.

It's like, the transparency before is 10, and it became 50 now.

"What does this mean?"

『Oh really, Papa, it's too early for you to be forgetful~, didn't I tell you before that I'd materialize the more Grimoires Papa read』

"Come to think of it, you said that huh"

I have memories of talking about that with Chris when I first met her.

Reading manga is my daily routine, and it's also a leisure time, so I didn't mind it that much.

『And so』

Chris approached Mami, and touched her.

Mami disliked it, but she hugged her from behind, and played with her.

『Just like this, I am now able to touch Mami-tan~』

"I see now. And it's a tag huh"

『That's right!』

Chris nodded hugely.

Her face seems very happy.

She touched Mami, and clung to her.

It looks like she's very happy that she materialized.

On the other hand, Mami was frowning.

She turned her cheeks away, and went outside the room.

『Mami-tan has gone huh. It can't be helped, so, Papa, let's play』

"By play, you mean tag?"

『I want to read manga with Papa』

"You're always like that, well, I don't mind though"

I left the room, and moved through the hallway.

Chris followed floating diagonally to me.

"By the way. How much more should I read for you to completely materialize?"

『.....about twice of right now?』

"I see. Well, there's no problem reading, but I wonder if there are that much Grimoires. In this world"

『Eh~, there isn't?』

"No, I don't know. There might be, or there might not be"

『Then, Papa should write them?』

"Haa~?"

『Papa should write them himself and read it. There are no worries if you make them yourself right?』

"Who knows if it would be that easy. It's a Grimoire too, and I can't imagine how I should write a manga"

The Grimoires in this world has two meanings for me.

Most probably, it has magic powers, and it would make one who completely read it able to use the magic of the Grimoire.

And, it has as a story, so it is fun to read even after that.

There's those two meaning.

And, I don't mind either way.

"I can't create something like a Grimoire"

『A-re? Papa, you haven't learned that magic yet?』

"Un? What do you mean?"

『A magic that creates Grimoire』

"There's something like that"

『If there isn't, you can't create Grimoires right?』

".....well, now that you say so"

A magic that creates Grimoires.

In a meaning, it's a very natural thing.

I came to the Royal Grimoire Library.

I asked the assistant Fan, and came to that Grimoire.

I took the Grimoire, and read it slowly.

The contents of the manga, is something that I probably saw somewhere.

A story about four high-schoolers aiming to become a mangaka, each of the talents they have complemented each other, and they would succeed to become a mangaka as a group.

It's a manga about creating manga.

I read it till the end, and returned it to the bookshelf.

『Have you read it? Papa』

"Yeah. 『Cartoonist』"

I chanted the magic.

A magic light appeared in an instant, but immediately flashed and disappeared.

『Was if a failure?』

"No, not at all. I heard a voice inside my head with that instant right now"

『A voice?』

"Yeah"

I nodded.

The voice I heard said things that are largely divided into two.

First, imagine the contents of the manga.

Next, imagine the magic of that.

"I'll try it once again. 『Cartoonist』"

In front of the light of the magic, I closed my eyes and thought deeply.

The contents of the manga and the magic.

I tried, but I failed.

When I imagined the contents of the manga, the light of the magic once again flashed and disappeared.

"Was there a time limit"

『Is that so?』

"Seems like it. Easy to understand, a story that has a proper concept, and a magic that follows that concept"

I thought once again, I thought seriously.

And, the third time honestly.

"『Cartoonist』"

I chanted the magic, and imagined.

The match selling girl story that is a little different.

『Ohhh～』

Chris let out a voice.

One Grimoire appeared in front of us.

『Papa, amazing, you really did it』

"I'm also surprised, to think that I'd be able to do it"

『Ne～ne～, this, what kind of magic is it?』

"This is"

When I was about to explain, the King came.

"Ohh, isn't it my Senjukou. What happened? Did something good happen to you"

"Hello, Ou-sama. Un, just a bit"

I said that, and reached out the new Grimoire.

"What is it with this?"

"It's the first Grimoire that I made"

"Hou!"

The King's eyes sparkled.

"My Senjukou's first Grimoire huh, this is very joyful, well then, this should be treated as a national tre—"

"Don't make it a national treasure okay"

I said it first.

"Muu～, I see. It can't be helped. But, how regretful, if I could only read a Grimoire"

The King really felt too bad.

After, he is a person that couldn't read Grimoires at all up until now.

He treats me very well, as if I'm his grandson.

It's normal that he would feel bad not being able to read his grandson's first Grimoire.

While feeling regretful, he flipped the pages of the Grimoire.

"Mu?!"

"What happened, Ou-sama"

"I can read it"

"Eh?"

"I can read, I can read it"

"Really?"

"Umu!"

The King read the manga.

My manga, he read it with normal speed.

"Ohh, you read Grimoires like this huh"

The King read it until the end at once.

And--.

"『Candle』"

He used magic. A candle that appears in the manga came out from the King's hand.

"Ohh, I can also use magic"

"It's true"

"What does this mean. Is anyone there"

"Yes? What happened Your Majesty"

Fan came.

"Try to read this"

"This? Mu?!"

Fan who received the Grimoire flipped it.

It's the same reaction as the King, he read it at normal speed.

"This.....I have never seen a Grimoire as easy to read as this"

"It's my Senjukou's special Grimoire"

"I see!"

While being surprised, Fan was convinced. No, well, it's not as great that it can be said special though.

After a while, Fan also finished reading the Grimoire, and was able to use magic.

"This is amazing, my Senjukou, this is a revolution"

It looks like, the Grimoire that I created properly can also be read by the people of this world.

Chapter 68 – Treasure, got it

In the mansion, afternoon.

Reading Grimoires while relaxing on the sofa in the living room. Books were piled up on top of the table, and on the side, there's the juice and snacks prepared by Amanda-san.

The snacks are Amanda-san's home-made potato chips. There wasn't a dish like this in this world, but she made it when I explained it to her.

Amanda-san, amazing.

"U~n, happiness~"

I read Grimoire with the golden pair for reading manga called juice and potato chips.

I used『Replace』to make the season in the room as spring, so it is comfortable.

I read Grimoire.

After I finished reading one, I reached out to the next.

I learned magic, but the reason why I didn't test that right away, was because it was a series.

A series strengthens the same magic; in the case before, I learned magic arrows, and the more I learn from the series, the more arrows I can use.

2 arrows in the first volume, 3 arrows in the second volume, 5 arrows in the third volume; just like that, the number that I can shoot at the same time increased, and when I finished reading all 20 volumes, I was able to shoot 71 arrows at the same time.

And since there was a happening like that, I thought of reading completely these 10 volumes of manga/Grimoire that I took from the library.

"A-re?"

The second volume of the Grimoire that should've been the second volume,

was a completely different book.

I took the other Grimoires that I placed on the table.

The first volume that I finished the volume, the volumes that are piled up, the third volume, fourth volume, fifth volume, sixth volume—.

The series, only volume two was missing.

"Khu! I can't read with this"

For the first time in this world, I fell into the situation where I can't read manga.

To read the third volume skipping the second volume, no way.

The pent-up feelings reading the third volume where the story is disconnected, and the spoilers would probably attack me.

"It can't be helped, I should go take the second volume"

"Ha～", I let out a sigh.

Even so, why did something like this is mixed within? In the first place, what is this?

Since I already went my way on taking it, I thought of reading this one-off first before returning it.

I thought of that, and opened the pages, but.

"Mu?! This is"

"A-re～, that, maybe it is a treasure map?"

Did she come in without me noticing, Nadia who was peeking from behind said.

As she had said, that was something like a treasure map.

At the least, it is not a manga/Grimoire. After all.

"Fumu, fumu, Lucio-kun, this, isn't it La Linea?"

Nadia immediately read it.

I have yet to meet somebody in this world who is able to read Grimoires

easily other than me.

Since Nadia was able to read it easily, it means that it is not a Grimoire.

It means, it is a normal treasure map.

"A treasure map huh~. Isn't it exciting, Lucio-kun!"

"I guess so"

"I'll go search for it a bit!"

She took the book where the treasure map is written as if to steal it, and Nadia jumped outside.

She's as active as usual.

"Coco~, come here for a bit~, we're going to search for something~"

Nadia's loud voice that I could hear from outside. It looks like she's taking dog-eared girl Coco with her.

On top of being active, she might be also quite an intellect.

Well then, what should I do

"I'm back....."

"So quick!"

Nadia returned seeming sad and her shoulders drooping.

"What happened?"

"Coco"

"Coco?"

What happened with Coco?

"It was here, the place that the treasure map was pointing to"(TL: Kokoココ/cocoココ = the first one means 'here', and Coco is mofumofu) Ahh, you mean like that.

I mean, it was pointing at this mansion huh.

I received the map from Nadia.

I concentrated reading it, and it's true that it was pointing to this mansion.

"It seems like it's buried under this mansion. I mean, isn't it already gone, this"

"Un. If it's in the mansion, it's already gone. Coco said"

".....does she usually dig in the garden or something"

She's a dog after all, Coco.

"Uu~, too bad, I wanted to treasure hunt"

".....you want to? Treasure hunting"

"Eh?"

Nadia got surprised, it was written on her face that she couldn't understand what I said.

I came to the mansion's garden with Nadia.

"『Dream Search』"

When I casted that magic, one piece of a map appeared in front of me.

The corners were tattered, and it really seemed like a map.

"This is?"

"A treasure map"

"A treasure map? This, our house?"

Nadia looked at the map and the mansion alternately.

"Yeah"

"Is there a treasure in our house?"

"Yeah. Try to look for it"

"Un!"

Nadia jumped into the mansion.

After I looked at that, Amanda-san returned from outside.

"Sorry to keep you waiting, Danna-sama"

"How was it?"

"I have gone and received it"

Amanda-san passed me a Grimoire.

The series Grimoire that I was reading just earlier, and the Grimoire of the magic I used right now; the volume two of that.

"Thank you, Amanda-san"

"You're welcome"

And there, I opened the Grimoire and started to read it.

After a while, Amanda-san came with a chair and a table, and the potato chips, juice and all of the remaining series.

She also erected a parasol.

"Thank you, Amanda-san"

"Please take your time"

With being fully taken care of, I read manga.

Around when I finished reading the second volume, I heard hurried footsteps.

Nadia returned from inside the mansion.

"Lucio-kun!"

"How did it go?"

"I found this behind the cabinet!"

She said that, and the thing that Nadia reached out was one silver coin.

"This is the treasure?"

"That's right. The magic of the Grimoire I'm reading right now, 『Dream Search』. It's a magic that creates a treasure map that points where the treasure is"

"Amazing～! To think that something like that exists"

"I guess it does"

I'm also surprised.

"But, but, calling one silver coin a treasure feels depressing. How can I say this, when you say treasure map, an exciting one is good right!"

"Then, you want to go for the next one? I've just finished reading the second volume. The magic should also be strengthened"

"Un! Do it, do it!"

Nadia was excited. Her full smile was quite cute.

"『Dream Search』"

I used the level two. The treasure map that came out looked older.

"Let me see.....ah! This, it's La Linea"

"It spread to the whole town huh"

"I'm going for a bit okay!"

Nadia left like the wind.

I read the third volume.

At exactly the same time when I finished reading it, Nadia returned again.

"Lucio-kun! This time it's this!"

"A wallet huh"

"There was two silver coins inside"

"That's a bit iffy. You want to go with the third volume?"

"Un! It's somehow, super fun"

Nadia was very happy.

The effect of the magic is quite iffy, but my lovely wife is happy so, whatever.

I read manga, and Nadia hunted treasures with the map.

Each time I finished reading volumes, the treasure map became older, and the value of the treasures that are found increased, but it was still very little.

Because when I already finished reading the ninth volume, the one that came out was a cheap brooch(10 silver coins on Amanda-san's identification), so it's quite that.

The value is like that, and the effect of the magic is iffy, but.

"Nadia is happy with it, so whatever"

Within the setting sun, I saw Nadia's video in the garden and thought of that.

It's Nadia's appearance, when I secretly casted『Create Delusion』every time she returns. (TL: Hidden Camera magic?) Her appearance of horsing around like a child was super cute.

.....well, she's an 8-year-old child, she's a young wife though.

"Lucio-ku～n"

When I was watching that, Nadia returned.

She had something in her hand.

"I found this you know"

Her tension is the same as up until now, well, it's like that.

I asked Nadia who returned and stood in front of me.

"What was it?"

"This. A Grimoire"

"He～, the value increased at once huh. Let me take a look....."

I received it, and my casual movement of flipping the pages had stopped.

"What happened?"

"This is.....no, no way right"

"What, what, what happened Lucio-kun"

"This front page, I have seen it before"

"A Grimoire you read before? It's a miss then"

"No.....it's a jackpot"

"Eh?"

"This.....it's an ancient magic Grimoire"

To the sudden super jackpot, I was caught off and got really surprised.

Chapter 69 – Forecast of the Future

Beside Nadia who was excited, I read the Grimoire that was found through treasure hunting.

It's an SF-tic manga. A story about the protagonist that can hear his future self's voice one-sidedly, and using that as a prediction ability.

Patan, I closed the Grimoire.

"You read it?"

"Un"

"What kind of magic is it?"

"It's probably better if you just look at it actually. 『Foresee』"

I chanted the magic.

A video was shown in front of us.

A video where, did Sylvia tripped, and her skirt flipped up and her panty could be seen.

"Lucio-kun no ecchi!"

Nadia slapped my back.

"What's this, why is it Sylvie's panty?"

"No, this is"

I panicked, Nadia was unusually angry.

How should I make an excus——explain it to her, and when I was wondering about that.

"If you want to see something like this, shouldn't you just tell Sylvie. For you to look at a fake one using magic, I feel bad for Sylvie!"

"You mean it like that!?"

I couldn't imagine that at all.

If you're going to look, look at the real one, it feels bad for the real person if you look at something made with magic.

I couldn't think of that.

"No, it's not like that, this is—"

"Lucio-sama~"

Sylvia came out from the mansion.

While wiping her hands on the apron she's wearing, she came in a hurry with a jog.

And suddenly, she stepped on her long skirt--and tripped.

Dongaragasshon! She tripped so well that it seemed like there was a sound effect like that.

And with that, her skirt flipped, and her panty could be seen.

It's exactly the same as the video just earlier.

"Sylvie, are you okay?"

"Ouch~, I-I'm okay"

"Ohh, be careful alright. You shouldn't run in the garden you know"

No, she can run in the garden right.

I mean, Nadia didn't notice that. The fact that what happened to Sylvia was exactly the same as the video earlier.

Ancient magic, prediction ability.

When I cast the magic, it looks like it can show just a little bit in the future.

I think that『Time Shift』is stronger, but as long as this is an ancient magic, there is probably a difference.

"Lucio-sama"

When I was thinking deeply, Sylvia came to my side.

For some reason, her face was red.

"What happened, Sylvia"

"U-Uhmm.....I heard from Nadia-chan"

"From Nadia?"

I looked at Nadia who's behind Sylvia. She made a gesture "Ike, ike, go～go～". (TL: ike means go, go is said in english) What is it?

I looked at Sylvia once again.

She reddened more and more, and started trembling.

And finally—.

"E-Ei～!"

She called out, and raised her skirt up.

I saw the panty I saw earlier.

"W-Wait a minute, Sylvia! What are you doing"

"N-Nadia-chan said. Lucio-sama was so lonely that you looked at my panty using magic, she said"

"Da～! That is wrong!"

"I-Is it wrong? But, she said, you saw my panty using magic"

"That is a prediction magic! Sylvia tripped earlier right? That was just predicted, and I just saw your panty on the side of that!"

"W-Was that so"

Sylvia was relieved, and looked at Nadia with reproaching eyes.

Nadia approached like "What, what, what is it", and was *PokaPoka* punched by her best friend Sylvia.

After a while, the two calmed down.

I also explained about the magic to Nadia, and made her convinced.

"I see, it was like that huh～. Un, it's true that it's the same panties"

"Please say that it's the same posture"

"Ne～ne～, Lucio-kun, can you only see a little bit ahead with that?"

"I wonder. Let me try"

I invoked, and used『Foresee』once again.

A video appeared, a video of a skeleton inside a coffin.

"Kyaaaaaa!"

"What's this, what's this"

Sylvia raised a scream, and Nadia focused on it joyfully.

"E～to.....ahh, it's me three hundred years later"

It's me who used magic, so I somehow understand.

"Eh～, Lucio-kun is dead?"

"Nadia-chan, well, he would probably die, it's three hundred years later you know"

"I see. Somehow, I felt that if it's Lucio-kun, he would live at least 300 years"

"I'm a human, so let me die around a hundred years"

"It's too far in the future it's so boring, can't you do something else?"

"I'll try to adjust it.....『Foresee』"

A fine old gentleman with gray hair and beard was shown.

He let his cloak flutter and led an army. He is very majestic, and he looks so cool even with my eyes.

"What the heck is this"

"U～n"

"....."

Sylvia and Nadia stared at it intently.

I also thought, I somehow understand--.

"It's Lucio-sama"

"Un, it's Lucio-kun"

".....how did you guess"

That's right, that's me in the future.

It's me around 60 years old, I don't know what I'm doing though.

"How amazing, Lucio-kun so cool"

"This Lucio-sama is also wonderful....."

"More, ne~, more, Lucio-kun"

"『Foresee』"

It's me a little older than now, and the King and Ojii-san are playing shogi in the hallway in the garden of a Japanese mansion.

.....what scene is this?

"As I've thought, the two of them gets along with each other"

"I agree"

"『Foresee』"

This time, it's Amanda-san.

It's Amanda-san's maid appearance with her usual unchanging steel face--she's taking care of a grave.

"It's Amanda-san, she haven't changed so it's probably just a little bit in the future"

"Maybe"

.....it's written, "Lucio Martein", on the gravestone. Why does Amanda-san's appearance unchanged when she's visiting my grave?

It's scary so I just decided not think of it.

"『Foresee』"

This time, Isaac's appearance was shown.

Under the cold weather, it's Isaac's beggar appearance that is frozen.

I felt bad for him a little.

And just like that, I used the new magic, made several futures appear, and cheerfully watched them with the two.

"『Foresee』"

It was Veronica who was shown there.

She seemed sad standing alone in the grasslands, and I came there.

Sylvia, Nadia, and me.

A sheet is spread in the grassland, a picnic where lunch is in a basket.

"Come to think of it, Vero-chan's missing"

"She said that she's going for a walk, come to think of it"

".....ne～, Lucio-kun, is this"

"Ahh, it's a future that is 30 minutes from now"

"As I've thought"

Sylvia and Nadia looked at each other, and nodded.

"I'll prepare super quickly"

"Please wait for a while okay, Lucio-sama"

"Ahh"

I nodded, and saw off the two returning inside the mansion.

In the video of the future, Veronica who seemed sad was now having a great smile.

Chapter 70 – The House of Martein’s Happiness

"Do you have something interesting?"

When I was relaxing under the sun in the mansion while reading Grimoire, one of my wives, Veronica said that.

Veronica standing in front of me, she had a face so tired of boredom.

And across there, there was Sylvia and Nadia, and the two of them are looking towards me.

In a little far away, Coco sat lied down like a dog, and is sleeping while hugging her favorite Lucio doll.

"Interesting, you say, what kind?"

"I'm bored"

"Isn't it good being nice and slow"

"It is impossible that I am bored although I am with you. Is that not a waste desu wa!"

I felt that she told me that she likes me in a very indirect way.

Hey tone was strict, but I understood Veronica's feelings.

"Fumu, shall we play something"

"Do that"

"But, even if you say that.....then, how about a trial of fortune?"

"Trial of fortune?"

"Ahh. There are four of us.....so I should make it five huh"

I finished searching inside my head within an instant, and used the magic.

"『Russian Roulette』"

A white plate appeared in front of me, and five black grains were on top of it.

"What, what, Lucio-kun's homemade magic food?"

"Is it chocolate? It's bite size and it looks tasty"

Nadia and Sylvia came.

"Ahh, it's chocolate, more specifically, it's russian chocolate"

"What kind of chocolate is that?"

"Among the five, four are hits, and one is a miss. It's a game of evading the miss and getting the hit"

"What would happen if it's a hit or a miss?"

Nadia asked.

"Look—Amu"

I took one of the chocolates, and placed it inside my mouth.

The chocolate melted immediately, and sweetness just at the right level spread inside my mouth.

And other than that, I felt it in my head somehow.

"Un, this is a hit"

"What will happen?"

"If you get a hit, you'll get lucky for a while, and good things will happen---Oh~to"

I dropped the Grimoire that I was reading earlier.

I picked up the Grimoire that fell on the grass---and saw something shining under that.

I picked it up along the way, giggled, and showed it to my three young wives.

"Just like this, you'll get lucky"

"You can pick up money huh"

"It's not limited to money though. Well, a lot of things would happen. By the way, if you get a miss, you'll get unlucky so be careful okay"

Hearing the miss, Sylvia and Veronica became a little hesitant.

"Sounds fun! I'll go first okay"

Nadia excitedly took one of the chocolates, and placed it inside her mouth.

"Ah, it's a hit"

"You know it?"

"Un, somehow"

Nadia answered to her best friend Sylvia.

That's right, the instant it is eaten, you can somehow tell inside your head that it's a hit.

"I wonder what would happen"

"You can wait here, or you can go somewhere if you like. Anyways, your luck would go up, and something good will happen to you"

"I see, then, I'll go for a bit okay"

Nadia returned inside the mansion.

But when I was thinking of that, she immediately returned.

On top of that, dashing fiercely.

"Lucio-kun, Lucio-kun!"

It's clear that something good happened from her expression, but I asked deliberately.

"What happened"

"This!"

Nadia said that, and reached out a yellow scrunchie.

"I've seen that before. What's up with that"

"Didn't you give it to me in the summer magic before? It's the one I lost after that"

"Ahh, at the time when I changed the room to summer using Replace huh"

"I was searching for it for a long time, and it showed up"

"He~. Good for you"

"Un!"

Something she had lost appeared. It's a little happiness.

"Then, I will go next"

Sylvia took one, and ate it.

"I-It's a hit....."

"Is that so"

"I wonder what would happen"

"You would like to wait for it?"

"Un?"

Sylvia didn't move at her place, and waited for a while.

"Excuse me"

I heard a voice from outside the mansion.

Looking there, I saw a butler-like old gentleman calling out from outside the property.

"Is Mrs. Sylvia Martein home"

"That is me"

Sylvia went there confused.

It seems like she's troubled being called "Mrs. Sylvia Martein" but an elder butler.

"I am, a messenger of the House of Escarona"

"Escarona-san?"

"Yes. The head of our house, Shuriaco Escarona, I believe that you have met during the party before"

"Is it, that party when Sylvia became a grown-up?"

I pointed that out from the side.

"It is"

The elder butler nodded.

"My master who was very moved by your appearance that time asked to make something like this"

After the elder butler said that, several servants appeared behind him.

The servants brought a huge board-like thing that is covered by a cloth.

They brought that in front of Sylvia, and removed the cloth.

"Waa~"

Sylvia was moved, and placed her hands on her cheeks.

It was not a board, but a painting in a frame.

It was a painting, where the grown-up Sylvia and I were drawn.

It wasn't just drawn as it was, but felt as if it was drawn a little beautified.

"What a wonderful painting....."

"My master who had felt that the couple that he saw that time was his ideal husband and wife so he asked to paint it. Please receive it"

"It's beautiful, but.....is it really okay?"

"Please"

We received the painting.

It was a painting, that both Nadia and Veronica were envious.

After receiving it, and the elder butler leaving.

"Well then, there is only one left"

Veronica took one, and ate it without hesitations.

It's very like her not hesitating although the chances were half-half.

"Ara, it's a hit desu wa"

"He~"

I'm surprised, that means, the remaining one is a miss huh.

Veronica stared at me.

"What is this. Lucio, you, do not tell me, did you make all of it a hit? If so, I'm disappointed"

"I didn't do that, it's only a problem of probabilities"

The probability of hitting four consecutive times is about 19, so it isn't that low. It's a very possible number.

But, Veronica was staring at me.

It can't be helped, I should prove it.

"Lucio, you were here huh"

When I was about to eat the chocolate, I heard a familiar voice from the entrance of the mansion.

Wearing flashy clothes, and a face that is uselessly full of confidence.

My older brother, Isaac.

Isaac came, and stood in front of me.

"Coming so suddenly, what did you come for?"

"I have something to talk about—mu! What, doesn't this look delicious. I'll have this"

"Ah!"

My voice together with my wives'.

Isaac picks up the chocolate, and puts it in his mouth without letting anyone stop him.

"nGu.....the taste isn't bad. What is it? A miss?"

Dumbfounded, Isaac tilted his head.

What would happen?

Suddenly, rain started to fall from the sky.

The sun is out, it's a sun shower. It gradually got stronger.

"We should go inside the mansion", but when I was thinking of that.

".....nya!"

I heard a cat's voice from a little far away.

I turned there, and Mami was there.

Mami who was Coco just earlier, changed after getting wet by the rain.

Mami in a bad mood, "Why is that", when I was thinking of that.

"-----ah-----"

My voice together with my wives'.

The four of us looked at Isaac at the same time.

Isaac was dripping sweat.

It's not a bad mood, that is a hunt mode.

The fierce natural enemy beast was released, there was no one who could stop it.

"Don't come here~"

"--nya!"

Isaac running away, and Mami chasing him.

After Isaac disappeared, the rain immediately stopped.

"How unlucky"(Veronica)

"It might be just as usual"(Sylvia)

"It's Isaac after all, it's hard to judge there"(Nadia) Was it really a miss or just as usual, it's a little hard to decide.

Well, let's leave Isaac alone.

I'm more curious about Veronica's hit.

"What would you do", I tried to ask her and turned to her.

And then, I noticed that Veronica was looking at something diagonally to us.

"What happened, Veronica"

"That"

Veronica pointed.

Ahead of where she pointed, there was a rainbow.

A rainbow after a sun shower.

It was very beautiful.

While looking at that, Veronica neared her body to mine.

"How blissful"

"I know right!"

"Yes"

Nadia and Sylvia also got closer, and held my hands.

".....yeah, it's so blissful"

I agreed, and thought that it was exactly like that.

Everyone got a 'hit' chocolate. Maybe, it was not up until now, but the time under this rainbow is the true 'hit'.

Everyone, thought of that.

Chapter 71 – The Maid’s Dream

Afternoon in the Grimoire Library, I am reading Grimoire/manga as usual. I read manga leisurely. I look very depraved, but this is my job. It's rather, my life work.

I want to learn more and more magic here, and live a blissful life with my lovely wives.

I am reading manga with that feeling——and recently, I feel like the pace I read has increased.

"Danna-sama"

I was called so I looked up.

Amanda-san in her maid appearance was there without me noticing it.

"I have brought you a bentou"

Amanda-san handed me a basket.

It's the basket with a lid that we usually use when I go to a picnic with my wives.

"Thank you"

I received it, and opened the lid.

"Today was made by Veronica-sama"

"Veronica did? Was she able to cook?"

"Without any means to be rude, I have helped her. And also"

"Un?"

"Because it would take a long time to repair the kitchen, I advise for you to return late"

"I see"

It means, Veronica isn't good at cooking as I've thought, and it's on the level

that the kitchen would get destroyed.

I got a little relieved hearing that. That suits Veronica better.

However, if it is like that, I am now worried if there is no problem with the bentou.

I carefully looked inside the basket, several toasts with jam and butter spread on it.

Its shape—saying it kindly, it is artistic. The shape of the toast itself, and the jam spread too.

"Is the kitchen alright? If you want, I can secretly return and fix it using magic?"

Its looks made me not hold back on asking Amanda-san that.

"There is no problem. If you would please return by sunset. And in addition, there is no problem with how it tastes"

"Is that so"

Since Amanda-san says that, it's probably true.

I took one of the toasts that for some reason spiky behind, and took a bite.

.....un, it's normal.

It tastes like normal toasted bread with jam spread.

Well, it tastes good. In the level of the ingredients.

Their shape are radical, but it tastes properly.

I got relieved and ate the other toasts.

All of their appearances were devastating, but it tasted normally delicious.

"Well, thinking of her previous career, it's this much huh"

"It is as you say"

"Come to think of it, I haven't heard Amanda-san's past. What did you do before you became a maid of the house of Martein?"

"A lot of things happened"

"A lot?"

"Yes"

After that, Amanda-san did not say anything anymore.

Her expression is unchanged as usual, but it's a face that doesn't have the intention to tell.

Probably, if I ordered her to, she would probably would; Amanda-san is that kind of person.

I didn't order her.

It's because somehow, I thought that it is wrong with that.

I ate the remaining toast. I also drank the juice that looked more devastating than other things placed inside the basket but tasted delicious.

"Thanks for the meal. It was deli—"

I looked up and tried to say that, but I closed my mouth.

It's because Amanda-san who was standing in front of me with her hands together was sleeping.

She's doing the feat of sleeping like standing, it is really unlike her, but it also suits her.

I stared at Amanda-san for a while.

I enjoyed the sleeping face of the perfect maid that almost did not show any openings.

Most probably, I should thank Veronica who made her this spent.

"So"

"Un?"

"Sorry, please forgive me....."

"....."

Amanda-san who suddenly started to sleep talk, what she said in her sleep was something I could not ignore.

I thought for a moment, and casted magic.

『Dream Catcher』

It's the one that I used once before on Sylvia and Nadia, the magic that peeks onto dreams.

The young Amanda-san, one day, the village she was living at was attacked by a band of thieves, and her parents were killed there.

The children were spared, but to have a burial for her parents, she sold herself to a slave merchant, and used the money from that to bury her parents.

After that, she was bought by Ojii-san, and came to the House of Martein.

I returned to the real world from the dream I peeked at.

The dream I saw right now was really sickening.

After all, that is a type of a dream that 'I have seen before'.

It's the same with Sylvia and Nadia, it's a dream based on a horrible past.

It means, that was Amanda-san's past.

The past where her village was attacked, and sold herself to a slave merchant to bury her own parents.

.....it's sickening.

"I should at least change her dream. 『Dream Modify』"

I chanted a different magic, and entered the dream once again.

I fixed one part inside of the dream.

『This girl, how intelligent. How about this, will you let me take her in. I will let her receive education at my place, and raise her as the world's strongest maid』

I erased the part where the thieves attacked, in exchange, I made it a story where Ojii-san visited the village, saw through Amanda-san's genius, and took her in.

And just like that, Amanda-san was sent off by her parents with a smile, and came to the House of Martein.

Thus, once again, I returned to the real world from the dream.

It was exactly the same time when Amanda-san woke up.

Amanda-san looked around restlessly.

"Good morning, Amanda-san"

"Good morning to you too, Danna-sama"

"You were fast asleep, did you see a dream or something"

"A dream.....? Yes, I saw a dream. It was a wonderful dream"

"I see"

For the meantime, I got happy because I succeeded changing the contents of her dream.

"Rather than that, thanks for the meal. It was delicious"

I said that and returned the basket.

I told Amanda-san who received the basket.

"I'll leave the rest to you. Ahh, I'll be a little late today, so you can take your time fixing the kitchen"

".....I understood"

Amanda-san left the library.

I confirmed that she had left, and raised a voice.

"Fan, Fan Cruz, are you there?"

Being called, one man appeared.

A huge man that exceeds two meters, my assistant that doesn't usually appear, but is always on stand by in this library.

"What is it, Administrator"

"This, you know something about it?"

I drew a picture in the air using magic.

The symbol that the thieves that I saw in Amanda-san's dream have.

In the dream where most of the scenery was vague, only that were clearly shown.

.....it probably means it was engraved in her heart.

"This is.....the emblem of Iron Sharks Troupe"

"Iron Sharks Troupe?"

"Yeah, it's famous that their captain is hard headed.....oh, that part doesn't matter huh. It's the emblem of a famous band of thieves. They're heinous. They're guys whose motto is to steal everything they want from others"

It was like that after all huh.

There's no way that they would be shown in that dream if they weren't related.

It means, most of that dream is Amanda-san's past, and—-it means that even now, Amanda-san is still having nightmares from it.

"Do you know where they are?"

"The place called their headquarters is in the north-west of La Linea.....oh, w- what are you going to do?"

"It's decided of course"

I used my head fully, and searched for 'usable' magic.

"I'm going to crush them"

It's been a while that violent emotions filled my chest.

Northwest of La Linea, in a certain mountain castle.

"Stop! What, a brat huh"

"This isn't a place where brats come"

"Go home and drink your mama's milk"

They tried to intimidate using their weapons at first, but the instant they knew that it was an 8-years-old boy who came, everyone threw out dirty words, and teased.

"『Blaze Needle』"

I attacked with magic without warning, flaming needles pierced through each one of their limbs.

Screams and shrieks exploded; the thieves that were attacked were rolling

around the ground.

There was the one who was more energetic, and he also cursed at me with dirty words, so I shot him extra needles.

"What happened! What the heck is this!"

One man appeared from the back.

Unlike the other men, he's wearing an armor and cloak with shark designs.

"Ne～ne～, is Oji-san this place's boss?"

It's child-mode after a long time.

Because if I don't act like this, I don't know what I would do with anger.

"You brat, who the hell are you"

"I'm the one who's asking"

I shot magic. The flaming needle pierced the man's feet.

As if it was a nail, the man was nailed to the spot.

"Gaaaaaaaaa!!"

"Ne～, answer please"

"You bastard, doing this you think—"

"How stupid～"

I shot magic once again, I shot a flaming needle to his other feet.

"Do you want to answer now?"

"W-What did you came for. Is it revenge? Bounty hunting? If it's money—"

"Too bad, it's the former"

We can now talk a little, so I answered that.

"Amanda-san.....do you remember this girl?"

I chanted『Create Delusion』,

The one that was shown was the appearance of the young Amanda-san and her parents.

It's the scene Amanda-san saw in her dream.

"....."

The man would not answer

"How is it?"

".....I don't know"

"You don't know?"

"How can I remember such a little damn thing! You bastard, do you damn remember what you ate before! Aann?!!"

"You get angry instead huh. How cruel. But, you know something right"

"Yeah, of course. I did things like this countless of times. What's bad about that"

"There isn't. I just hate it"

Well, whatever. Even if this continues, it would only be a useless conversation.

"Answer, you bastard. I don't damn care if you're a brat. My comrades will come someday, and fucking kill you"

"A-rerere~, how strange~"

"Haa~?"

I laughed, I couldn't help but laugh out.

My heart, my tone, it became colder.

"You, did you think you would have 'someday'?"

The man was dumbfounded for an instant, but understand the meaning of my words soon after, and started to get noisy.

It was pleading for his life, but I didn't hear it out.

I cleaned up the thieves once, and when I was about to leave the fortress, she was standing in front of me.

In front of the fortress, with her usual cold face and maid uniform.

".....Amanda-san, why are you here?"

"I saw a good dream, Danna-sama said that he was going to be late. And also"

"Also?"

"Danna-sama's face was stiff when I woke up. It was the first time I saw Danna-sama's face like that"

"I see"

"I was careless", I didn't think of that.

It's because I thought, "It isn't strange if Amanda-san had noticed".

"It can't be helped since you found out. Rather than that, from where did you watch"

"The whole scene"

"Was 'it' within them?"

"The man with a cloak"

"I see. Let's go home then"

"Yes"

With Amanda-san, I left the mountain castle, and returned to La Linea walking.

"Amanda"

"What is it"

"There's a magic that can change one's memories. I cannot change your past, but I can overwrite the whole memory itself. A magic that would make you forget your painful past. Shall I cast it on you"

"It is fine"

Amanda-san refused by answering immediately.

"Are you sure? It's something that is finished, it's also alright forgetting the painful things by overwriting them"

"No, it is not yet finished"

"Mu?! What do you mean, do you still have a vendetta? If that is so, I will—"

"I am still to return the gratitude I have for Danna-sama, that is why, it is not yet finished"

"Ahh, you meant it like that huh"

"Danna-sama"

A serious, a more serious tone than usual.

The sound of Amanda-san's footsteps stopped, I stopped to a stand, and turned to Amanda-san.

"Thank you very much. This kindness I received from Danna-sama, I will return it all of my life"

"I got it. I'm counting on you from now on"

"Yes"

Amanda-san silently nodded.

Her tone, it was the same up until now.

But, in her face.

There was a peaceful smile, one that I had never seen before.

Chapter 72 – Fashion Leader

Morning in the entrance, when I was about to go to the Grimoire Library, Veronica came out from deep inside the mansion.

"Wait, Lucio, I will go with you"

"Ahh"

I nodded, and went outside with Veronica.

We went out from the mansion, and walking together in the royal capital in the morning.

Various kinds of people passed by each other, and La Linea is full of life today too.

I took a glance at Veronica who is walking beside me.

She is wearing a black one piece dress with frills and white tights, and she has a red ribbon on the neck.

She who is better in dressing up than Sylvia and Nadia, is wearing clothes where cuteness and beauty combined in a high level, and it is very elegant and like of her.

"Those clothes also look good on you"

"A-Ara. Is that so?"

"Yeah, it looks very well"

"W-Well, dressing up this much is not even breakfast for me"

Veronica said it like that. It looks like she did not dislike that she was praised.

"The clothes that you wore when we first met was sexy and good too"

"That was the trend"

"The trend?"

"That's right. With black laces in the side and the back, the fad was the line of when it is about to be seen or not"

"You're not going to wear something like that anymore?"

"That is a lady's etiquette, it is not something to wear in this appearance"

"Ahh, I see"

It is just as she has said, see through clothes like laces on the back or the side, it isn't something that a child would wear huh.

"You, you are unfamiliar with trends are you"

"Sorry about that"

I laughed wryly, it's just as she said.

I'm unfamiliar with trends, or rather, I don't know.

It was like that even before I reincarnated—-but.

"I'm unfamiliar with trends, but I can do something to make one"

"Make a trend?"

"Yeah, look—『Make Trend』"

I chanted the magic, and a lump of light appeared in front of me.

I placed the image within that lump, and released it.

And finally, the ball of light became small particles that scattered all over the town.

"With this, yosh"

"What is going to happen?"

"Just look"

After we had walked for a while, the door of a certain building opened, and one girl went out from inside.

The girl was only about the same age as us, but she's wearing a dress.

The dress was largely revealing, it was clothing that you can see through the black laces on its side.

It's the same clothes with what Veronica wore when I met her the first in her adult version.

"Ara, what a coincidence"

"It's not a coincidence"

"Eh?"

"Look"

I pointed at a place a little far away, there was a girl there that was different from the one earlier, and this time, she is wearing clothes with laces at the back that can be seen through.

The people in the morning town gradually increased. There were no particular changes on adults or boys, but all of the small girls, they are wearing Veronica-like clothes.

Even the Ojou-sama-ish girl from the start, and even cheerful girls that would play with boys.

"Good morning, you're cute as usual, Marie-chan"

"Ehehe, I know right. This is the most popular clothes right now"

"Was that so. Here, I'll give you this free"

Even the girl that was going on a shopping errand, every one of them is wearing similar clothes.

"Just like this, it's magic that makes trends"

"H-How amazing. As usual, your magic is"

"Is that so?"

"Can you make other trends?"

"Yeah"

I used the magic once again. A lump of light appeared, and showed that to Veronica.

"You should just put what you imagine here. You want to try?"

"Is it alright?"

"Yeah. I'll return it later with magic, so you don't need to hold back"

"Well then, without reserve"

Veronica invoked, and the ball of light scattered.

After a while, a change happened.

Everyone has a bird's nest placed on the top of their head now.

Whether they are male or female, old and young.

Everyone, they have a bird's nest in their head——one that has birds inside.

"Amazing. To think that something like this would really be a trend"

"It's your way of thinking that is amazing"

To make people place a bird's nest on top of their head, what kind of thinking is that. It's an idea that makes the unicorn hairstyle look cute.

"But, how can I say this"

I looked around.

"Even though it's called a trend, there's a lot of different kinds of version huh~. The birds that everyone has, they're entirely different, and there's also different colors of nests too"

"That is called fashion"

"He~, it's like that huh"

"This is your magic, but normally, different kinds of changes would happen from here, creating new trends. Slowly and naturally"

"I see"

"And the one who could create that would be the fashion leader"

"That's an impossible feat for me"

I said that, and casted magic.

Well, I feel discomfort in the scene in front of me, and since we were done with it already, I was going to return the trends to normal.

"Isn't it Lucio"

"This voice is——Isaac"

I stood to a stop, and turned around to where I was called from.

And there, it was Isaac.

There is a peacock resting on Isaac's head.

Wearing his usual nobility-like flashy clothes, he is carrying a peacock's nest on the top of his head.

It was surprisingly very natural, it was the usual Isaac.

"What is it, Lucio, were you bewitched by your elder brother's beauty?"

"Ah, un"

"Lucio....."

I exchanged looks with Veronica.

Everyone that was passing by were looking at Isaac with great admiration.

The trend, it might be the best for him if it didn't return to normal, I thought of it just like that.

Chapter 73 – Animal and Child

"E-Ehhhhh!!"

When I was reading manga, I heard Nadia's scream from outside the mansion.

Thinking of what it was, I went outside.

In the mansion's garden, Nadia was covering her mouth using her hand with surprised eyes.

"What happened, Nadia"

"Ah! Lucio-kun! This is bad"

"n?"

"Look at that!"

Nadia said that, and I looked in the direction she pointed to.

Under the tree in the mansion, dog girl Coco was sleeping curled up there.

Her tail was swinging, and she really seems relaxed.

"What is it about that?", I almost said that——and noticed the abnormality.

In Coco's side, there was "something" else.

The reason why I described it "something", was because its size was small.

Even compared to the petite Coco, it was even less than half of her.

It was a baby.

It's a human baby.

The problem was, that baby is Veronica.

Red hair, and dress that was now too big for her.

And as if that dress was a comforter, she was curled up inside that, and on top of that, she is sleeping with her body close to Coco's.

"W-What happened here"

".....it's probably the magic going out of control"

"Magic going out of control?"

"Yeah"

I nodded.

I remembered the contents written in the『Reconnection』Grimoire/manga.

This magic depends on the physical condition of the human it was casted on. There are cases that if their body weakens, the magic would have too much of an effect.

And when I explained that to Nadia.

"Come to think of it.....Vero-chan, she said that she feels bad in the morning"

"That's the cause"

"I see, that's why Vero-chan shrunk huh"

"By the way, if she regains her health, she would return to her size before, so. This is a temporary thing"

"I see, thank goodness"

Nadia was relieved.

And while we were at it, Veronica woke up.

".....fueen"

"Vero-chan"

"Fueeeeeeen!!"

Baby Veronica suddenly cried out.

It didn't have any sign at all, so Nadia panicked.

"W-What does this mean, Lucio-kun"

"『Reconnection』isn't just for the appearance, it is a magic that changes the inside the same with how they look"

"Eh? That means—Vero-chan right now....."

"Ahh, it means that she has completely become a baby"

"Hawaa～.....I see～....."

Nadia panicked when Veronica started to cry, but she calmed down after hearing my explanation.

It's because that even Nadia knows that it's normal for babies to cry.

On the other hand, Veronica continues to cry.

Woken up by the crying voice, Coco looked at Veronica with half-opened eyes.

And there, she licked Veronica's face who were crying continuously.

Her instincts have appeared a bit, it's the showing of affection of the dog girl.

"Ah, she calmed down"

Nadia whispered.

Being licked on the face by Coco, Veronica stopped crying for an instant.

She crawled out from her dress, and in an appearance wearing only a camisole that was still caught to her body, she climbed up on Coco.

".....fue?"

And there, even Coco woke up with that.

She woke up, and made a troubled face looking at Veronica.

"Master? What is this～?"

"It's Veronica"

"Eh～?"

"Ukyakyakyakyakyakya"

Baby Veronica tried to climb as if it was a ride.

She climbed up, and dexterously turned on the top of the body, and relaxed leisurely as if the dog girl was a sofa.

"Wa～, looks fun"

"It looks like Coco is troubled though"

"But, she isn't making her stop. And also, she's wagging her tail you know?"

It's exactly as Nadia said, even while making a troubled face, Coco was

wagging her tail.

It seems, she's troubled but doesn't dislike it that much.

Or maybe, her maternal instincts was stimulated by child Veronica.

Either way, it's a situation where I don't need to do a thing.

"Yosh!"

It looks like Nadia is about to do something.

"Wait a minute Lucio-kun, I'll go for a bit and throw a basket of water on myself"

"Wait, wait, why are you going to do that?"

"I'm going to catch a cold, and then, I'll also become a child"

Ahh, because Veronica became a child when she got weak, so she's going to do that.

"Wait, wait, I can also make you a child from the start using『Reconnection』"

"Is that so! Then, Lucio-kun, please!"

"Yeah, yeah"

Nadia made a full smile and had eyes full of expectations.

And to her, I casted『Reconnection』.

Her body gradually shrunk.

And within ten seconds, her appearance became of a crawling baby's.

"Kyakya!"

Why making baby laughs, Nadia crawled towards Coco's direction.

Coco had a more and more troubled face, but she did not refuse her.

And finally, Nadia also climbed on top of Coco.

Coco was like a ride—just like a jungle gym, and Nadia and Veronica were playing on top of that.

"Master～....."

"Hold on, do your best"

Salvation was asked, but I push her away.

Instead, I made an air sofa using magic, and took out a Grimoire that I have read mid-way.

I relaxed there, and carefully watched the children and pet dog girl play.

PechiPechi, Nadia slapped her face, and Veronica pulled her tail.

Without getting angry, Coco let the two do what they want.

She was making a troubled face at first, but as time passed by, Coco's expression changed to like "It can't be helped then~".

Following Baby Nadia and Baby Veronica who was crawling, Coco also started to crawl on four legs herself.

She's a dog girl so she usually walked on two legs--and looking at that scene, I giggled.

"If I took a video and uploaded it, this would easily go for a million views, huh"

The physical contact of my baby wives and pet dog, it was that heartwarming that it made me think of that.

Chapter 74 – Gamble Date

Sylvia and I are on a date.

We're walking in the afternoon royal capital while holding hands.

"Waa~, what a lovely children"

Is it because our appearance is a child's, or is it because Sylvia is simply lovely, the people that pass us by were bewitched.

"Lucio-sama, there, it looks very bustling"

"Un, let's take a look"

"Yes!"

While holding hands, Sylvia and I walked towards the front of a certain store.

With a glance, it seems like it's a pub, but for that, it's bustling although it's in the afternoon.

From how it looks from the entrance, it seems like there are 2–300 people inside.

There's a man who's standing outside, so I asked him.

"Ne～ne～, Oji-chan, what is this place?"

"Aann? This place is too early for brats, come again after ten years"

I got a cold shoulder.

Well, it's true that a pub doesn't have anything to do with children huh.

"Let's go, Sylvia"

".....un"

Sylvia and I left from there, but she was taking glances and was curious about the store.

She took a glance at the store, and took a glance at me.

Does she want to enter?it looks like she wants to.

If this was Nadia, she would say "Lucio-kun, do something" and beg straightforwardly to me, but Sylvia is a shy type for that kind of thing.

"Sylvia, come with me for a second"

"Yes"

I casted magic to Sylvia who nodded, and casted magic to myself.

Gradually, our appearance became of an adult's.

It's a magic I often use, a magic that turns one's appearance to a grown up.

Sylvia and I became adults.

Sylvia who is in front of me became the beauty in the banquet sometime before.

So much that even I get charmed.

"With this, we can now enter right"

"Yes!"

As I've thought, it looks like she really wanted to enter, and Sylvia nodded with an excited face.

I started to walk, Sylvia who followed didn't place her hand on mine, but linked our arms.

It's a sudden change from very lovely children holding hands, to a very intimate couple with arms linked.

Her chest that touches my arm makes my heart beat a little faster, and we returned towards the store.

"Can we enter?"

"Please do"

The man outside lets us pass easily.

Entering inside, I found out that it was more bustling.

There was a lot of seats, a stage on the back, and a huge transparent box on top of it.

"Welcome, is it for two?"

A person came out from the store.

It's a young gentleman.

"Yeah. Also, we're here for the first time, what kind of place is this?"

"You do not know about our shop『Making A Killing Inn』?"

The man made a little surprised face.

Is this store that famous.

"Yeah, please explain"

"I think that it would be better to actually take a look, it is a very simple system"

A simple.....system?

What does he mean by system, is this not just a pub?

"I will guide you to your seat"

".....yeah"

Well, there should be no problem whatever happens.

Taking Sylvia with me, I let the man guide us.

"Ohh.....what a beauty"

"So beautiful....."

"Ke! The man's also handsome, this world is full of mistakes, right!"

Many kinds of voices came from the surrounding, they're different opinions than when we were holding hands in the town.

And just like that, we were guided to a seat near the wall.

"Well then! The next game is starting. Please place your entry fee on top of the table"

One man on the top of the stage said.

It's a 30-year-old man.

After the man said that, *GachaGacha* it sounded around us.

Everyone placed a coin on top of the table.

That one coin is worth 500 ceta, its value is quite high within the kinds of coins.

The coin disappeared silently, and in exchange, it turned to a wooden coin of the same size.

There are front and back of the coin, the front is dyed green, and the back is dyed red.

And about the coin that disappeared—it's unknown when, but it's already gathered inside the transparent box on the stage.

500 ceta coins worth all of the store's table other than ours, it's a bit spectacular.

"Well then, we shall go,『Binary World』"

The man used magic.

A box releasing a white light appeared in front of the man.

The box spins around in the air.

"Lucio-sama, what kind of magic is that?"

Sylvia on my side asked.

"It's magic that's like coin fortune telling. When used, the results set would come out with a probability of 50/50. It's also a simple but strong magic. In its Grimoire, there's an expression that God's will working on it, and once the magic is used, it would not have any outside interference, the results would come out with an entirely half-half possibility"

"Even Lucio-sama cannot interfere with it?"

"It's impossible, it's that kind of magic. I can use it though"

I said that, and used『Binary World』.

The same white box on top of the stage appeared, and eventually burst.

Mami's face appeared there for an instant.

"Ah, it's Mami-chan"

"『Binary World』"

"It's Coco-chan this time"

"Just like this"

"That's amazing!"

I wonder what's amazing with it.

I regained myself, and looked around.

"I'm gonna go with red"

"The trend so far is red, red, green, red, green, red, green, green....."

"Let's do it with all green this time"

I could hear voices coming from each table.

GachaGacha, it sounded, and everyone moved their red/green coin.

"Well.....let's go, OPEN!"

The box of light disappeared, and a green coin came out.

Soon after, the coins on top of the table that was red disappeared, and only the ones who chose green remained.

The man used magic again. This time, red came out, and green coins disappeared.

"An O/X quiz huh"

"Yes?"

That was repeated for a while, and eventually, it dropped down to one person.

"Jackpot!!! Congratulations!"

To the place of that man, all of the 500 ceta coins were brought.

I could hear applauses and words of congratulations being given nonstop.

I see, it's like that huh.

Everyone would each take out a coin, do O/X quiz, and the last one remaining would take everything huh.

In some meaning, it's like a lottery.

"It's been a while since I got a jackpot. Bring out the best alcohol in this store. Give everyone a cup"

"Understood"

"Ke! Oi, bring extra drinks here too! I won't drink something that comes from him"

Orders were sent from here and there.

The ones who won and the ones who lost both ordered drinks and food.

Especially the one who got the jackpot, he became generous on spending his money.

I see, in exchange for not taking money for the lottery ticket, this store is doing business like this huh.

They're good.

"Eeii! This is strange!!"

I heard a man's shouting voice from the other side of the store.

Looking at him—it was Isaac.

"Dear Customer, making a disturbance is"

"Listen! I was here since the morning and had done it ten times. For all of those be a miss from the first turn, what the heck does this mean"

Isaac was completely making a fuss.

The store's staff near him was making an annoyed face.

"This is cheating! You are definitely cheating!"

"Please excuse my words, Dear Customer, [Binary World] is magic that cannot be interfered by anything, and....."

Un, that's true.

"NO, you are definitely cheating!"

".....it cannot be helped"

The store's man gestured and called someone.

Two huge men from a little far away came, and caught Isaac from his sides.

And he was forcefully dragged outside.

The surrounding customers looked at Isaac with cold eyes.

"Isn't he darn stupid?"

"Everyone knows that that magic can't be interfered with"

"I'd sympathize that your luck is bad, but"

After Isaac had been kicked out, the store returned to usual business.

"Well then, once again, the next game shall start. Please place your entry fees!"

"Lucio-sama, can we try?"

"It's fine doing it, but since you're going to, it would be better if you'd win"

"But.....it's testing one's luck right. Lucio-sama also said that it's magic that can't be interfered with"

"Yeah, I can't interfere with the results"

"If that is so—"

"But, I can guess the future"

"Eh!"

"『Time Shift』"

When I chanted the magic, Sylvia appeared on Sylvia's side.

"Sylvia"

"As expected of Lucio-sama, it's red"

Sylvia who came from tens of seconds in the future said that, and immediately disappeared.

"Get it"

"Waa～....."

I paid 500 ceta, and gained the red/green coin.

I turned it to red.

The result "red" appeared on top of the stage.

"『Time Shift』"

"The next one's green, Lucio-sama"

Sylvia said that the moment she appeared.

And she immediately disappeared again, and the result in the stage became "green".

Using future prediction, I hit each turn of the 50–50 gamble every time.

The first time, I was able to remain until the end, and the surroundings congratulated me.

The second time, I was able to remain until the end, and the surroundings got louder and louder.

The third time, when I still won, those reactions changed to astonishment.

The coins that were piled up on top of the table after my third win had become amazing.

"What does this mean, don't tell me he's cheating"

"But, that shouldn't be possible with『Binary World』?!"

"Then, are you saying his luck is good? Are you saying he continuously won with 50–50 chances for about 30 times with that?"

It's not at the level of only good luck hitting two 30 times though.

"Lucio-sama, somehow, the eyes around us"

"Yeah. Oi"

I called the store clerk nearby me.

"Do you need something?"

"Does this store's system have a carry over? With no-one winning and making all of the prizes be in the next one"

"There is, there are many cases when everyone misses at the last turn, so"

"There really is huh. Then, place all of these as a carry over"

"Eh? A-All of this?"

"Yeah. There's no problem giving free meal with the money that was won right. Just like that"

The store's man got dumbfounded, and ran away in a hurry to confirm after that.

After a while, that was announced on top of the stage.

Everyone was told about the carry over for the amount of three times.

"For real?! Amazing!!"

"Brother, you're awesome!"

"Hyu～hyu～!"

The place was filled with cheers and whistles.

"Lucio-sama.....how amazing"

"Is that so?"

"Yes, with many kinds of meanings"

"I see"

"I, thank goodness that I am Lucio-sama's wife"

She said that, and Sylvia hugs me with an entranced face.

When she's in her grown-up appearance, she gets a little bit more aggressive.

Being hugged like this, might be the best harvest for the day.

By the way.

"Let me do it too"

Hearing the excitement, Isaac who returned to the store and wanted to aim for the three times carry over was immediately kicked out.

Chapter 75 – Final Fight! God Lucio vs Devil Lucio

"Lucio-kun, it's somehow boring"

Inside the mansion, Nadia said something like that.

Rain is falling outside, rain that has continued for three days, and it seems like Nadia who is very active was very bored being unable to go out of the mansion.

"Can we do something fun?"

"You want to go cockroach subjugation again? Or something like ant dungeon exploring"

"I'm tired of that, do you have something new?"

"New, huh"

"Right, right, something that is to be done during a rainy day"

"A rainy day huh....."

I thought.

Well, what was I doing during rainy days before.

I remembered the times before I reincarnated in this world, when I am still in modern Japan.

"During rainy days, I've been playing games, well, most of the time"

"Games?"

"I've been playing things like fighting games or hunting games"

"He～? That, can you do that using Lucio-kun's magic?"

Nadia asked with sparkling eyes.

They're eyes of expectation. Oh really, if you look at me with eyes like that, you'd make me want to answer.

"I can. Hmm, then, can you take that tea cup"

I pointed at the round teacup on the top of the table.

The tea cup we finished drinking from that Amanda-san prepared for us.

"Here! What would you do with that?"

"Look. 『Any Remote Control』"

After I used magic, a game controller-like remote control with antenna appeared.

Remote control and antenna, two sets of that pair.

And I erected the antenna on the teacup and saucer.

Then I held one of the remote control, and pressed the stick and button.

The tea cup moved.

"Ohh!"

"Just like this, it's magic that makes you able to control the thing where the antenna's erected at. And with that"

I took the other remote control and operated it.

And then, the saucer moved.

Controlling the teacup and saucer, I made them battle.

The tea cup kicked the saucer's ass, and spins around as if to make a winning pose.

"It's like this"

"Looks fun～!!"

"You want to try?"

"Un!"

I gave one of the remote control to Nadia.

"Is it like this!"

Nadia got used on operating the remote control very quickly.

The saucer came back, and this time, the tea cup blew it away.

"Ahaha, Lucio-kun so weeak~"

"You've said it"

Nadia and I enjoyed the real fighting game.

"Danna-sama"

Amanda-san entered quietly.

"What is it"

"His Majesty the King and Dai-Danna-sama have visited"(TL: (Dai大=big) (Danna-sama)旦那様.) "Ou-sama and Ojii-san did?"

"I wonder why"

Nadia put down the remote control and tilted her head.

"They had come with presents, according to them. To Danna-sama--"

"My dear Lucio~"

"My Senjukou, where are you~"

Interrupting Amanda-san's report, Ojii-chan's voices and footsteps had become closer and closer.

"Ohh, you were here"

"I wanted to meet you, my Senjukou"

The King and Ojii-san's usual combination.

They entered the room, and the instant they saw my face, their faces became so "dere-dere".

"Hello. Ojii-chan, and Ou-sama"

I talked to the two with child-mode.

The ends of the two's eyes drooped.

"Un, un, are you well, Lucio"

"Do you have inconvenience or anything? If something happens, you came always come to me"

"It's okay. I'm well and happy everyday. Rather than that, what is it today?

Did you come together?"

"That's right, I have something to show Lucio today"

"Luca really insisted you know. I'm not really interested with that, but I don't want to be told I ran away from the contest"

"Hmph, you can only say that right now"

The instant they came, the two started to escalate and create sparks.

"I'm sorry, I can't understand what you're talking about"

"This is it!"

"This!"

Ojii-chanz took out a stuffed toy at the same time.

They're dolls that look completely like them.

"E～to, this is?"

"It is my stuffed toy"(Ojii-san)

"I can tell by looking?"

"It's something I made even working at night. How is it, isn't it similar"(Ousama) "Un, it looks very similar"

Not only the King's, but also Ojii-san's was like that.

It's a slightly unique stuffed toy, but they are stuffed toys that exactly looks like the two.

"Lucio. Abe's or mine, which would you take"

"You will take mine right"

.....eh? What does this mean.

How can I say this, it feels like I'm being pressured by two grandpas like "Me or that woman, which one will you choose!!".

No, it's not just a feeling, but it's exactly that kind of situation.

"E～to.....do I really need to choose?"

"That's right!"

"Choose now!"

The two pressured me.

How can I say this, what should I do?

And, when I was hesitating like that.

"Ah, stuffed toys would move better huh"

Nadia took a remote control, and controlled Ojii-san's stuffed toy.

The homemade stuffed toy that exactly looks like Ojii-san jumped vertically and released an uppercut.

"This moved very well. It might be easier to move than a tea cup"

This time, she took the other remote control, and moved the King's stuffed toy.

"Mu! What is this, Lucio"

"E～to, it's called『Any Remote Control』, a magic that controls anything using a remote control"

"I played with it with Lucio-kun earlier"

Nadia said that, and controlled the two stuffed toys at the same time.

Ojii-san's stuffed toy blew away the King's stuffed toy with a punch.

"Hou....."

"This is good....."

Kyupi~n!, the two's eyes flashed that it almost sounded like that.

"Nadia, pass me that"

"Let me have this"

Ojii-chanz took away the remote controls from Nadia as if to steal them.

"I see, you move it like this huh"

"As expected of my Senjukou. You've done a great job as usual"

No, it's not I worked with it.

They operated their stuffed toys making them take general movements.

And then, they faced each other.

The stuffed toys also faced each other.

"There will be no grudge"

"Umu, it is the fitting location"

""The one who wins will be accepted""

The two controlled the stuffed toys very incredibly for some reason, and started to fight.

Ojii-san's stuffed toy and the King's stuffed toy started to fight fiercely.

"Hoe~, isn't it amazing, Lucio-kun"

I nodded, and agreed.

And finally, the two's stuffed toys became tattered at the same time, and fell down to the ground unable to be controlled.

It's a draw—it ended with injuries for each side.

"Fu, fufufu. Aren't you good, Luka"

"You're pretty good too, Abe"

"It can't be helped, if it comes to this, I shall take out my secret weapon"

Secret weapon?

"Look! This is Senjukou's stuffed toy that I have created, it's named 『Thousand Spell King that Controls the Whole World』!"

Ba~n, the King took out the stuffed toy as if they were flashing lights in his movements.

It's me-ish—wearing black-based clothes that are reminiscent of a Demon

King of a vampire with a cape.

"Waa~, so cool"

Nadia got happy innocently. It's cool, but.....u~n.

"Oh Abe, that is the only thing isn't good about you. Lucio does not need a very grand and long name like that"

Oh?!

"Mu!"

"Lucio's image is like--『Saint Lucio』!!"

This side also was like, *Ba~n!*, and took out the stuffed toy.

This one also had my face, and with a white base, it's a stuffed toy with an image of a God or an angel.

"Ammaazing~, this one also looks exactly like Lucio-kun"

Nadia is getting more and more excited.no, no.

What does this mean? This time, the two suddenly took out a stuffed toy of me.

"It looks like we need to have a conclusion"

"It seems like that. Let's go!"

Ojii-chan controlled the stuffed toy that looks exactly like me using the remote control.

This time, it became like a superman battle like dragon ball.

Flying in the sky, they threw punches at each other with super speed, a super battle using fighting skills.

"Nuuun!! GOD LUCIO BUSTER!!!"

"You're naive! SENJUKOU ULTIMATE BLIZZARD!!!"

Ojii-chan, with high spirits, they made the stuffed toys fight materializing the image they have of me.

"Oh Ojii-chans, you are as usual huh"

Nadia smiled pleasantly, I made a laughed wryly a little, but I agreed with that.

Chapter 76 – Agricultural Revolution

"Welcome to my land, Lartar"

In the lord's mansion in the place called Lartar.

The one who welcomed me who entered the mansion was Ruby who is wearing a princess's dress.

How can I say this.....it's a last boss-ish dress as usual, and it's slightly different from the last time.

It was normal last boss last time, and this time it's like it's powered up to the second stage after being defeated.

Is she going to take the throne with her appearance and sit on it someday or something.

"It's been a while"

"Thank you for visiting from so far away.....forgive me for calling you so suddenly"

Ruby said with a serious face.

That's right, just earlier, a person who claimed to be her messenger came to my mansion in the royal capital La Linea.

She's calling me, so I went here as soon as possible.

"Don't mind it, it isn't that much of a distance"

"It's a distance that would take a whole day for a fast horse though"

"It's only an instant if you fly. Rather than that, the reason you called me is?"

"Umu, let's talk while looking at it in person, that would be easier—"

Ruby turned around and started walking.

—Pita～n!

She stepped on her dress, and greatly fell down to the floor face first.

She raised her head quickly, and glared at me with teary eyes.

"—♪"

I looked away blatantly, and whistled.

Ruby stood up, cleared her throat, and assumed a composed look.

"—that would be easier to explain"

"I got it"

While secretly making her not step on her hem using magic, I left the mansion following her.

"This Lartar is our kingdom's important land for grain producing, but these recent years, the yield quantity has decreased a lot"

"Decreased, why"

"I do not know the reason. When new crops are planted, more than half would die and would not grow"

"He~"

I ride a carriage with Ruby, and looked around the farm for inspection.

As she has said, most of the crops hardly settled down, so the field was quite empty, and it's like there is spot baldness here and there. (TL: alopecia areata)
"It also seems like there are no particular laws"

Looking at the field, I said my opinion.

The places where the ones they planted are not growing up or has tilted is random, and there seems no regularity "Umu. The cause is completely unknown so we are troubled"

"The fruit tree there is normal huh"

I pointed, and asked Ruby.

There's an orchard where fruits were growing from afar, and it seems quite normal.

"The crops that have finished establishing would grow without problems. Is it not strange"

"Making them take root is the hard part huh. If then, shouldn't you just make it up using numbers?"

"It is unknown if it would grow, and there are also cases when it would tilt after somewhat growing. It is exactly as you said, we only need to make it up with numbers, but there is no difference that half of the land are being wasted"

"I see, well, I guess so"

I nodded, and looked at Ruby.

"And so, you want me to do something about it then"

"Umu. It is His Majesty's favorite Senjukou. I thought that if it is you, you might be able to do something about it"

"You overestimate me. Well, I already found a solution though"

"Is that true!"

Ruby's eyes sparkled.

I came to the orchard's place.

I stood in front of the healthiest tree within there, and said to Ruby.

"What is the main crops that were grown here originally?"

"It's this. It's called Arrose"

Ruby reached out a seed casually.

That is something that I ate almost everyday, it's like rice.

"I see, it's this huh"

"It's planted during the spring, and harvested in autumn. It takes a long time until it grows, the grace period until it tilts due to the abnormality is very long too so we are troubled by it"

"It's really like rice huh"

"What are you going to do with that?"

"Just look.....『Synthesis』"

I chanted the magic.

The light enveloped the seed and the tree, and the two fused.

After the light settles down, the thing that appeared was a tree that was a level smaller.

A tree that is comparatively small, just as tall as an adult man; there were many fruits in that tree.

"This is.....Arrose huh"

"That's right"

"An Arrose tree, you say?"

"Probably, it only needs to be planted once, and harvesting several times within a year is possible. The problem's solved with this right?"

"....."

Poka～n, Ruby dropped her jaws.

"What is it"

"What is it or whatever....."

She looked at me with an unbelievable expression.

"Not mentioning the problem being solved, this is an evolutionary thing"

"Is that so?"

That might be true, though.

"Either way, there's no difference that the problem was solved right?"

"U-Umu. That's exactly right. It's exactly as you said"

Ruby regained herself, stared at me straight, and said.

"I thank you, Senjukou"

Ruby was very very thankful—well, that's good, but.

This Arrose tree, and later on, with King's final word.

"The name of this variety is Lucio"

And just like that, it was named like Sasanishiki. (TL: Japanese rice created as mixture of Sasashigure and Hatsunishiki)

Chapter 77 – Lucio's Dungeon

Nadia is running inside a giant labyrinth.

The labyrinth's walls are made of wooden planks, and made that there would be doors every several steps.

Nadia opens the doors and advances one next to the other, but.

"Isn't this a dead end too!"

That place she entered after opening the door was a space that was like a small room.

Nadia immediately turned back, returned to the last, last door, and went to a different route.

"Only 30 seconds left desu wa"

"Do your best, Nadia-chan"

Girls' voices could be heard from the sky.

Veronica's were with a tone that was enjoying and making her rush, and Sylvia's were purely cheering after her best friend.

"30 seconds?! Awawawa, what should I do, what should I do"

Hearing the time limit, Nadia increased her running speed more and more.

She opened the door, and advanced.

She opened the door, and turned back.

She opened the door— and plunged into the water.

"It's finished huh"

"Nadia-chan, so close"

When Nadia who plunged into the water left from there, "the size of her body returned to normal".

To Nadia who was drenched, Sylvia ran carrying a towel.

And wiping her head with that, Nadia looked at the giant labyrinth's "model" beside her.

In the corner of the miniature sized giant labyrinth, the door that was left open was moving, with the lake(puddle of water) that has ripples ahead.

And right next to that.

"Ah~, isn't it the goal after I go to the right!"

"Un, it was the last door"

"Ohh, so frustrating. I almost made it"

"Well then, I shall go next alright. Lucio"

"Alright"

Watching from a little distance, I answered.

I will use two magic.

One of them would make Veronica's body smaller, and the other that would remake the structure of the miniature sized giant labyrinth.

Veronica who became little stood in the entrance, and without touching the entrance and the lake, I changed the structure of the giant labyrinth.

"I'm going"

"Then, let's start"

With Sylvia, Nadia, and I watching, Veronica opened the door and jumped into the giant labyrinth.

"Ah, that place is—"

"No, Nadia-chan, you shouldn't. You shouldn't react"

Sylvia covered Nadia's mouth in a hurry, but Veronica who heard that made a grin, left the door that she was about to reach out to open, and entered a different door.

A giant labyrinth dungeon that is randomly generated.

And because it is random, the first door was a lake falling trap.

Nadia couldn't help but raise a voice with that, and Veronica luckily avoided it.

"It's so interesting, Lucio-kun. This, it's also fun advancing personally, but it also looks interesting from outside"

"It's something like that. It's similar to a game called Werewolf. After you were eliminated, you can watch while grinning"(TL: Also known as Mafia) "Un! You'd grin right. By the way, what's Werewolf?"

"Let's have it for next time"

"Un, I got it!"

Nadia made a huge nod, and went towards Sylvia.

"It's Sylvie's turn next huh. Let's make plans beforehand"

"But, it will change until before starting with Lucio-sama's magic right. Then, I don't think that you can have plans"

"That's not true at all. I think, if you would go to the same direction from the start, you can get out. Like, always to the right, or always to the left"

"I-Is that true, Lucio-sama"

"Well, that is one of the strategies but—"

"I heard something good"

Veronica once again made a grin inside the labyrinth.

"The same direction, was it. Then, if I would continuously go to the right here—"

"Ah!"

Sylvia raised a small voice.

From the two doors, Veronica who had opened the door just like she had declared, she had plunged into a lake with good momentum.

Veronica who was drenched and had returned to her original size confronted me.

"Did you not say that it would be the goal if I go to the same direction?!"

"No, that's a strategy used when there's only one exit. This one has walls that

are like an entrance right. It's just that most of it connects to a lake"

"Uu....."

Looking at the labyrinth, Veronica groaned.

She was like, understood what I said immediately, but couldn't contain her anger.

"Whatever desu wa! Next, Sylvia, it's your turn!"

"Un. Then, please take care of me, Lucio-sama"

"Ahh"

While casting magic to Sylvia this time, I remade the labyrinth.

Sylvia entered the labyrinth. Is it because of her personality, it feels like she's very cautious opening a door.

Cautiously and carefully, she is advancing to clear the labyrinth.

"Ne～, Lucio. If this continues....."

"Yeah, she would reach the time limit with no doubt"

"Come to think of it, what would happen after the time's up?"

Nadia and Veronica looked at me at the same time.

"It would be faster to just look rather than explaining.....look, there it is"

"Ahh, it would be like this huh"

"Wawa, Sylvie, run, run～"

"Eh, eh, ehhhhh?"

Sylvia who got little panicked.

"That is.....how cruel. If you're going to be chased by that, it would be better to fall into water"

Veronica said her opinion.

Un, I set it like that after all.

A small bucket-like thing appeared inside the giant labyrinth.

The bucket was full of black ink, and advances through the labyrinth running by itself.

It's something that would search for the challengers who have reached their time limit and throw ink to them.

"Sylvie, run away~"

"Looking at it is very fun huh"

"By the way"

The moment I said that, the second bucket appeared.

"It increases with time"

"Ahh! No, Sylvie, if you go there, you'd get caught betwe—"

Shortly after Nadia's warning, Sylvia was caught by the buckets, and was covered by ink.

Sylvia who had returned was making a slightly teary face.

"Uu, you're so bad, Lucio-sama....."

"Sorry, sorry, as an apology, I'll wipe it for you"

I took the towel, and made Sylvia pretty while using magic.

"Yosh, you became beautiful"

At the end, I kissed her on her forehead.

"....."

"Who's the one next?"

Veronica stared at me with squinted eyes, and Nadia was looking at the labyrinth with an excited face instead.

"I will go"

And, Veronica challenged for the second time.

"A-re, she wouldn't move"

"What happened? If you don't move, the time would be up"

Sylvia and Nadia thought of it strangely.

Veronica stayed in the first room after the entrance without moving.

The bucket finally came, and she was now covered in ink.

"Why didn't you move?"

Nadia asked Veronica who had returned strangely.

Veronica didn't answer, and moved straight towards me.

"Please wipe me too"

"Ahh"

Just like with Sylvia, I wiped her using the towel and magic.

"Un, that's good"

"Is that all?"

Veronica stared at me with squinted eyes and dissatisfaction.

"Just like, you know, there's something after you wipe it off right"

"After I wiped off?"

I wonder what it is, I tilted my head.

"U~n, "you became beautiful." Is that it?"

"Eh, w-what did you say right now?"

"Eh? Veronica became beautiful?"

What's up with that, I thought, but.

"Beautiful....."

Veronica's face reddened like *Puff*, and looked down.

Why?

"Ah! It was like that huh"

"What, what, what do you mean?"

"E~to, in my case, it was--, and in Veronica-san's case, it was--, so"

Sylvia whispered to Nadia's ears.

I couldn't hear it well, but Nadia who heard that gradually widened her eyes.

"I see! Lucio-kun, I'm next!"

"Y-Yeah"

I made Nadia who was suddenly in maximum tension small, and made her enter the labyrinth.

"Is it here, or is it here. Is it time yet, hurry up and come～～"

For some reason, without trying to clear the dungeon properly, Nadia comes and goes through rooms that were safe.

"Ne～, that"

"Yes. Doing that would make her encounter it more quickly"

"I see. Well, it can't be helped huh"

Sylvia and Veronica, nodded at each other as if they knew what it was about.

The time was finally up, and Nadia, she charged herself to the bucket that appeared.

And Nadia who had returned.

"Lucio-kun! Wipe me, wipe me, kiss me on my forehead and say that I'm beautiful"

"....."

I got it with that.

I looked at Sylvia and Veronica.

Sylvia looked down shyly, and Veronica acted as if nothing happened.

She wanted me to do something, and charged with it huh.

.....oi, oi, this wouldn't work as a game.

It wouldn't work as a game, but.

"Lucio-kun, hurry!"

Looking at Nadia's appearance that makes me hurry with an excited smile, "Well, whatever", I thought.

Chapter 78 – Invisible Man

"Excuse me～!"(TL: Tanomou～)

When I was reading Grimoires in the Grimoire Library, I heard a woman's shouting voice from outside.

It's sort of old-fashioned words, and words that have limited uses.

When I went outside, there was one woman there.

It's a young woman wearing good lady-like clothes, but her air seems to be a little strict.

"Hello, do you need something?"

It's a person I met for the first time, so I talked to her in child-mode.

"I had heard that His Excellency Senjukou Lucio Martein is here"

"Un, he is. He's the administrator after all"

"If possible, I want to meet with him!"

"I got it. I'm Lucio"

"Oh!"

The woman stared at me intently.

〔There is no way that a child like this is Senjukou. What is he planning?I see, the real one who is in the back is testing me huh. Yosh, I should not be fooled by this appearance and act like he is Senjukou〕

"Eh?"

I couldn't help but get dumbfounded.

The girl spoke very quickly with a thinking gesture.

This, is it.....

"It was Senjukou, Your Excellency himself huh, please forgive me for not knowing"

The woman took a step back, and half kneeled like a knight.

"My name is Manuela Elise. A descendant of the Elise Family"

"Manuela-san huh"

"It is my greatest honor to meet Senjukou His Excellency"

Manuela said that.

After a leaving a breath of time.

〔How's this. I did it perfectly. The true Senjukou inside should be content with this right〕

She said very quickly again, and took glances behind me while bowing down, looking at the back of the library.

This is.....is it like that after all?

Is she the type of person who would speak out the things she's thinking.

.....why?

I checked, I haven't used magic, and there isn't magic that is cast right here right now.

"Ne～, ne～, Manuela-oneesan. Is Oneesan cursed or have a magic casted on, or something like that?"

"Eh? No, there is no such thing"

She answered while surprised, and soon after.

〔What is this boy asking me, is he testing me? Ha!! Senjukou who's inside has casted magic on me without me knowing huh!〕

"E～to....."

"Come to think of it, I feel I feel a little sick a while ago!"

She declared strongly. It isn't a tone of a person feeling sick.

〔How's that〕

It's a person who's leaking out a lot of things.

It seems like nothing can be done pointing that out.

I ignored it, and continued the conversation.

"And then, Oneesan. Meeting me, what do you want?"

"E～to....."

Manuela looked at me, and looked towards the back of the library.

Ah～, it was like that huh.

"It's okay"

I said. Manuela made a slightly surprised face.

"Say anything. Senjukou is listening properly"

Manuela came to some kind of realization.

『It was like that after all, huh. He would not go out himself, and would send this boy instead. Yo～sh, if that is so』

She misunderstood it quite conveniently.

"I want to show you this!"

Saying that, and reached out a book very quickly as if to give a love letter at the an entryway.

"This.....a Grimoire?"

"That's right! The Grimoire that has been passed from generations to generations of our Elise Family!or, is should be"

Lines that was almost lost at the end.

"Should be? What do you mean?"

"Actually.....it is a Grimoire that possesses a tremendous magic. It is a very strong magic, that it is said that the Elise Family's ancestors had conquered the world with this"

"Conquer the world? That's amazing, what kind of magic is it?"

Manuela shook her head.

"That, we do not know, it is only said in legends that it was incredible. And that it could be understood just by seeing it"

"Is that so~"

It's probably a visually intense magic.

"However, other than the ancestors, no one has been able to read this Grimoire for hundreds of years. For hundreds of years, thousands of members of our family have challenged, but no one"

"Oh"

"That is why, recently, it is being rumored that this Grimoire itself is a fake"

"That's harsh"

"No, it is fine even if the Grimoire is fake, however, having the glory of Elise Family be denied because of that....."

If the magic were fake, the achievements done with that would also be a lie.

I see now.

Manuela was feeling very down.

She dropped her shoulders, and looked at me while kneeling.

"I heard the rumors about Senjukou His Excellency. An amazing person who could immediately decipher any kind of Grimoires, and can use a thousand magic"

It's already over ten thousand though.

"That is why! If Senjukou His Excellency could read this, it will be proven that this Grimoire is real! I came here thinking of that!"

"I see"

『And if things go smoothly, I will be the one who would return Elise Family's glory, mufufu.....』

I heard something.

The voices in her heart are leaking.

Well! That much is natural as a person, so I ignored it.

"Well then, can you show it to me?"

"Eh, but, however"

Manuela looked at me and the back of the library again.

"For the meantime, I'd be the one who'd look first"

I emphasized, "for the meantime".

"I-I understood"

I received the Grimoire, and flipped its pages.

Hmm, it's a modern one, and the pervert main character--.

"A-re?"

"W-What is it?"

"This.....it's a little weird"

"Weird?"

〔What's weird? I mean, a child like you can't understand something like that so please hurry up and give it to the real Senjukou〕

I ignored her, and read the Grimoire.

I flipped the pages, I turned back and forth, comparing them.

And then, I finally got it.

"This, the pages are out of order"

"O-Out of order?"

"Un, the numbering of the pages were ridiculous you know? --it was normal with the first page, but the next page would be the fourth page. Turning it again, this time it would be the third page, and the second page would finally come out after that. Un, it can't be helped that you can't read this"

"Y-You can find out even that?!"

"You don't get it?I see, you can't read it in the first place, so you can't find out if the pages are in order or not"

"Y-Yeah"

"Wait a bit okay....."

I said that and let Manuela wait, and focused on the Grimoire.

The order of the page were ridiculous, but if I recognize that it's pages are out of order, I can read it.

From the last page, I can guess what would be the first page next, so I somehow understand even if the situations had completely changed in order.

I turned the pages back and forth.....and twice of usual, I finished reading it for an hour.

"Un, I read it. It's true that this magic is amazing, you can tell with one look"

"Eh? Y-You read it?"

『Don't tell me, this boy.....he is really Senjukou.....?』

I said that from the start though.

Well! I'll prove it to you right now.

"『Invisible』"

I casted the magic.

The next instant, I became an invisible man.

With my clothes just as they are, but my body invisible.

It isn't a place that it should be used, and the purpose is to let her know its greatness, so I talked to Manuela while wearing clothes.

It's quite an amazing scene that looks like the clothes are floating in the air.

"It's this kind of magic"

"Waa～!"

"As you can see, it's magic that makes you invisible. You can do sneaky this with this.....but you can also do amazing things"

"Invisible....."

"The Grimoire is the real thing, the magic inside is convincing too. There's no doubt that Manuela's ancestors had done an amazing thing"

"For, real?"

"Un"

I nodded.....I'm invisible so she probably couldn't see.

But, Manuela's expression was relieved.

Her face became relaxed, and relieved.

"It was real.....thank goodness"

"You told me that there were people doubting it right. I'll send you a document. I'll announce that his Grimoire is genuine, and that it's an amazing magic. It's something about magic, so I think Senjukou's words should be convincing"

"Really!"

"Un. Leave it to me. If you want, I could go personally and show them this magic"

It's my thanks for letting me learn an amazing magic.

After I said that, Manuela was petrified for a while.

And finally, she regained herself.

"Thank you!"

〔This person's amazing! This person's amazing! This person's amazing!〕

From the surface and from the back, she thanked me so much.

Chapter 79 – Favorability Game

"Lucio-kun!"

"What are you doing?! Please stop!"(Veronica) Afternoon, when I returned, Nadia jumped out of the mansion, and soon after, Veronica chased after her.

The two stood in front me, and argued.

"Isn't it fine, making Lucio-kun decide would be the best"

"There is no need for that"

"There is~. We should make this clear"

"In the first place, that is not something that needs to be judged which one's better"

"Not like judging which one's better, but don't you want to brag about it? Like "ahh, I am being -- this much""(TL: the -- is actually at the end of the sentence in the raws, but can't translate 'cause sentence construction are different) "B-Brag....."

"Un, brag about it. And, you'd want to know right, like "Ah! It was really -- similarly""

"S-Something like that, I do not--"

The two argued in front of me.

No, rather than arguing, it felt like Nadia was pushing one-sidedly, Veronica was stuttering.

"Wait, wait"

I got between of the two.

"I can't tell what you're talking about. In the first place, what is it? What's the thing you want me to judge?"

"It is nothi--"

"Lucio-kun, can you use a magic that can show the likes and loves degree"

"Show likes and loves degree.....? Do I only need to visualize favorability?"

"That's probably it!"

Bishi!, she pointed at me.

Nadia was quite in a high tension. On the other hand, Veronica was pouting her lips in a sulking face.

I don't know what's it all about, but that face--.

"Enticing"

"Eh? Lucio-kun, did you say something?"

"No, it's nothing. E~to, is it like this?"

I reached out my hands towards the two, with an instant of searching inside my mind, I used the magic that I found.

"『Love Parameter』"

The light of the magic created two panels, each of the panels has 3 digit numbers.

The one that was in front of Nadia was 121, and 197 on Veronica's.

"Wa~, it came out. Ne~, ne~, how's this? Our likes and loves degree to Lucio-kun?"

"Please call it favorability"

I laughed wryly. Likes and loves degree is very Nadia-ish, but I really can't get used to it. (TL: Favorability= koukando, likes and... = sukisukido) "Well, that's right I guess"

"He~"

Nadia looked at the two panels, looked at Veronica, and placed a hand over her mouth and laughed like "Humu".

Then she tapped Veronica with her elbow.

"As I've thought, Vero-chan also super likes Lucio-kun"

"Uu....."

Veronica blushed and looked down.

She's like twice embarrassed with her favorability exposed, and made fun of.

"T-That's not true at all! This is some kind of a mistake"

"But, the numbers are showing you know?"

"That is the strange part. There is no way that I would have this difference from you. There should be some mistake"

"Is that true?"

Nadia asked me.

"You can say that it's wrong, or you rather, it's changing. This is the number right now"

"Right now?"

"That's right, right now"

After I nodded, Nadia placed a finger on her forehead, and thought about it.

And, she hugged me.

"Luccio-ku～n!"

"Owa!"

"I love you! Lucio-kun!"

She said to me with her arms around my neck.

And then, her numbers increased.

121, 122, 123—, just like that, it increased up to 140.

"Oh～, it really went up. Un, about that much huh"

"Is that so?"

"Un, I super liked Lucio-kun slightly better than earlier"

I don't get it, but, it was a number that was completely convincing for Nadia herself.

But, that was also Veronica's tragedy.

"Mufu!"

With arms around my neck, I looked at Veronica and her number.
198, it increased a little.

"I-It's wrong. That's not it!!"

"It's okay, it's okay, super liking Lucio-kun. Vero-chan's also Lucio-kun's wife so it's a normal thing"

"That is!that, might be true.....but"

"I know! Ne~, Vero-chan, let's play a game!"

"A game?"

"Un! a game where who would be better on super liking Lucio-kun"

"A game like that—"

"The person who would win can do "something good" with Lucio-kun"

"S-Something good?"

Veronica stole a glance on me while still looking down a slightly.

Her cheeks were flushed—what is she planning to ask for?

"What do you think?"

".....alright"

"Ohh"

"However, I will also add a rule. During the game, you can not touch him"

"I can't touch?"

"It is normal to increase if you'd touch"

"U~n.....well, that's true"

A weird rule was given, but Nadia was convinced with it.

As if she completely agrees with what Veronica said, as if it was a very natural thing.

"Well then, in a count of three"

"I understood"

Leaving me behind, the two were fired up.

It's fun watching, so I made an air sofa, and entered spectator's mode.

"One～two"

"Three!"

Together with that signal, the two moved at the same time.

First is Nadia, she was making a grinning face while hugging her body with her arms that I probably have seen before.

"Uhehe.....Lucio-kun, stop～, not there～"

What "there".

On the other hand, Veronica was placing her hands on her tummy with an elegant gesture that was very like of her, and was closing her eyes just the same.

Her face was gradually getting red.

"I can't～, no more than that～!"

I wonder what she can't do.

The first one's "don't", and the other one's "no more".

It is very scary to hear what they're really about.

"Ne～, Lucio-kun, who's winning right now?"

Nadia asked.

"What's the criteria for winning? The current numbers? Or is it with the increase in number?"

"The increase in number then. Vero-chan's fine with that right?"

"Yes"

"Then, it's Nadia. Just a little, though"

"I did it!"

"....."

Nadia made a small guts pose, and Veronica was like *Poka～n* with her open mouth.

"Too bad, Vero-chan"

".....it's a three-game match"

"Eh?"

"It's a three-game match, and the one who would win is the first two win two"

"No, two wins, you say. Are you sure that's fine being told afterwards"

"I accept!"

"You'd agree to that?!"

Nadia accepted Veronica's suggestion very happily.

"Next, let's do it with allowed us of tools"

"Sure desu wa"

The two returned inside the mansion for once. After a while, the two appeared while holding something.

Nadia was holding my doll that was Coco's favorite, and Veronica had my clothes, she's holding my shirt.

The two held that, and faced each other in front of me.

"Well then....."

"One-two-three!"

"*Kun, Kun*"(Smells)

"Su～, ha～. Su～, ha～....."(Breaths in) They started to smell them!

"Uhehehe～....."

"Lucio～....."

There's a pervert~, there's two perverts~.

If you're asking what's "pervert" about it, the most perverted about it is that the numbers in the panels are rapidly increasing.

After a while, the two stopped smelling as if they had timed it together.

"You're good"

"It is nothing to be mentioned"

Somehow, it was like they're praising each other.

"Lucio-kun, how was it?"

"How was it?"

"U~n, this time is also Nadia's win. Just a little, though"

"Yay"

Nadia won twice.

I was thinking that it was the end with this, but.

"Yo~sh, let's go to round two. It's five rounds of three-game matches okay"

".....just what I wanted"

They were going to continue! I mean, why is the winner Nadia suggesting it.

The two continued the game. It was surprisingly very fierce, and Nadia won the bout by winning three straight rounds.

The game continued until the sun fell down, and under the setting sun, the victor and the defeated were facing each other.

"S-So frustrating. To think that I would be inferior"

Veronica got frustrated just like she had said. I wonder where her confidence in the beginning went.

"If it's like this, it is the night part"

"Just what I wanted"(Nadia)

"You're still going to continue! I mean, was the thing up until now the afternoon part? Are you going to do five rounds of three-game matches in the night part too?"

"Isn't that natural"

"Of course desu wa"

The two made a face that was like, "a foolish question".

"What should we do next?"

"Hold hands with Lucio-kun! Only that"

"I accept"

The two said that, and held hands with me.

The game continues, the numbers in the favorability panel are rapidly increasing.

The game that continued until midnight, ended with Nadia's victory.

And, in the next day.

"The second day, let's go!"

"Just what I wanted, I will surely win today"

"That's why I'm telling you, why is the one who won extending the results"

I pointed that out, but regardless of that, my two wives were very lively and having fun.

Chapter 80 – Magic AR

On this day, it's been raining since morning.

No, it was raining continuously for the past three days.

The sky that can be seen through the window is gloomy, and the rain was pouring without stop.

There are buildings from afar that have lights leaking although it's still daytime. Together with the peculiar smell to the rainy day, there was a unique, quiet atmosphere.

"This is a good day for reading", I thought, so I was reading Grimoires.

It's a cooking manga, about the protagonist and his daughter cooking, and making the people around them eat it.

The cuteness of the realistic drawing of the daughter, and the countless simple food but delicious food was very interesting.

Since it's something that has a sequel, the magic that I learned was leveling through stages.

And, when I finished reading the second volume of that.

"Lucio-ku～n!"

Nadia jumped into the room.

"Uwa!"

I was so surprised and couldn't help letting out a voice.

Nadia who entered the room, her head was completely like a bomber head.

Just like when she just woke up, to a head like that.

"What's with your head"

"Eh! Ah, this is because of the rain. If it becomes humid, it becomes like this. Rather than that, Lucio-kun——"

"No, rather than that, come here, Nadia"

"Eh?"

While tilting her head, Nadia came over to me.

"『Heat Finger』"

I chanted the magic, and heated my finger.

I used my finger that turned red as a comb, placed Nadia's hair in between of them, and combed.

It's something like a hair iron.

"It'd be quick, so just stay still"

".....un"

Nadia let me do what I wanted obediently.

Without taking five minutes, Nadia's hair returned to normal.

No, it seems like it became straighter and flowing than usual.

Nadia who originally has a frizzy hair, also suits her having a straight hair.

"Thank you, Lucio-kun"

"You're welcome"

"Rather than that, Lucio-kun! I'm bored, I'm so bored that I'd go crazy"

"Bored?"

"That's right. It's the third day that it's raining right? I can't go even go anywhere, so it's super boring"

"Ahh"

I thought, "I see", and nodded. Probably, with the continuing rain, Nadia who was originally an outdoor type of person finally couldn't hold it on.

"Isn't there anything, Lucio-kun"

"You wanna go exterminate cockroaches?"

"Too boring～. Isn't there another thing?"

"Hmm"

I put the Grimoire down, and thought.

From the ten thousand magic that I have, something that can be used.

"You want to go hunt?"

"Hunt? What do you mean?"

Nadia's eyes sparkled.

"『Augmented Reality』"

When I chanted the magic, a pair of glasses appeared in my palm.

I gave that to Nadia.

"Do I only need to put this on?"

"Yeah"

Nadia wore the glasses.

"O"

I couldn't help but let out a voice.

Nadia's appearance with a straight hair and glasses, were very different from her usual atmosphere.

She seemed like intelligent and quiet, as if—.

"Ahaha, I'm like a sensei~"

Nadia laughed and said that, it looks like we had the same opinion.

"Ne~, ne~, do I look good?"

"Yeah, it looks great. Make your face a little more strict, how can I say this, more elegant like something would be more suitable"

"Elegant.....is it like this"

Nadia assumed a composed look, and stared at me.

"Lucio-kun, did you forgot your assignment again? What a naughty boy"

"Ohh"

Her atmosphere fits it completely. Exactly like a female instructor, like an adult.

But, however.

"Ne~, ne~, how was it, how was it"

Nadia returned to normal in an instant.

Nadia who was very mature is also good, but this one makes me comfortable better.

"It looked great"

"Thank you~"

Nadia seemed very content, and asked me once again.

"And then, what will we do with this?"

"Look around inside the room, is there something different"

"Something different? U~n, ah!"

Nadia looked around restlessly, then stared at the floor in the middle of the room.

"There's an usagi-chan there, Lucio-kun"(TL: rabbit-chan) "Is that so"

I can't see it, but I'm sure that Nadia could.

"Wa~, it's so fluffy~. How cute"

Nadia went over there, carried something up, and patted it.

I couldn't see it after all.

"Did Lucio-kun make this?"

"That's right, try to remove the glasses"

"Un—ah! It disappeared"

"You can see and touch it just only while you're wearing those glasses. And"

I used additional magic. Nadia who was wearing the glasses again looked at her hand.

"Wa, a weapon appeared"

"You can fight with that"

"I see, I see. U~n, but"

"But?"

"Cutting something like an usagi-chan is very pitiful"

"Then, I should just change it"

Chon, I touched Nadia's forehead.

Her forehead lighted like *Powa!*.

"You should imagine the enemy and the weapon, it should change with that"

"Let me see.....u~n, u~n, umumumu"

She's thought as if she was in a toilet.

"How's this! --ahahaha, it really became like it. The weapon also looks good"

Nadia laughed out loud.

I don't know what she's seeing, but it's great that she likes it very much.

"Ei~! Ahahaha, it hits properly"

Nadia swings down the something in her hand using both hands, is it a hammer or something.

"I set it that that [enemy] would appear randomly here and there inside the mansion. You should be able to go on a light hunt and adventure"

"Thanks, Lucio-kun! I'm going"

While in her female instructor-like glasses appearance, Nadia jumped out of the room.

"I found it! Ei~! Ei!!"

"What are you doing?"

"Vero-chan! You know, using Lucio-kun's magic, I'm doing a whack-an-Isaac game"

"Whack-an-Isaac? Are you doing something like a game with your delusions?"

"No, no, try putting this glasses on--ahahaha, Vero-chan looks more like a sensei!"

"Please do not make fun of m--ara, something's there, also, something's in my hand"

"You should hit it with a hammer"

"Is it like this—ara, how fun"

I heard the voices of my wives from outside the room.

I got curious because of some parts of their conversation, so I created another glasses using magic, and put it on.

And then, I looked at the place where Nadia swung down her hammer earlier.

The thing that was there, was a chibi Isaac, on top of that, it was walking cutely while flattened furthermore and was also teary eyed.

It has a weird cuteness about, damn it.

I see, hitting this huh.

"But....."

I looked at AR-Isaac.

Even though its appearance was a chibi and flattened furthermore, you can still tell that it's him.

"What a detailed character～", I thought.

Chapter 81 – I'm, Probably the Eighth One

I'm reading Grimoire/manga in the mansion.

I reading, but I can't concentrate at all.

It's not like stopped being able to read manga, it's that feeling sometimes, like "I don't feel like reading", or "I can't continue reading".

I tried my best to read.

I read each panel seriously, and flipped the page.

.....◦

This isn't good! It isn't my mood to read after all "Yosh! Let's stop for today! I won't read manga"

I voiced it out and declared. There are days like that right.

I won't read manga, so I would play with my wives.

I left the living room and searched for my wives.

"Sylvia? Nadia? Veronica?"

I called out to them, but there's no reply.

Come to think of it, it was very quiet in the mansion since earlier.

I walked around inside the mansion, and searched for them.

I made a full trip around, but in the end, there's no one.

"『Current Status』"

I used magic, it's magic that examines the status of a structure.

I designated there the "number of people".

『1 Resident, 0 Visitors, 0 Others』

Mu?! All of it's 0?

Resident is about the people who live in this mansion, my wives, Amanda-san, and I are placed there.

Visitors are the people who are visiting, it's normal that it would be 0.

The problem is the Others is also 0. Coco, Mami, and also Chris are placed here.

1 Resident means, the I'm the only one in this mansion right now.

I wonder what this means.

I came to the front door for no particular reason. A magical light was floating there.

This is.....a magic that leaves messages huh.

I touched that.

The magical light pops, and a translucent video of Sylvia and Nadia plays in mid-air.

『Lucio-sama. Is this correct, Amanda-san』

『Looks like it is. And, with that, Lucio-kun. I'm going to play with Sylvie okay』

It looks like the two left a message using Amanda-san's magic.

I see.

I touched a different magical light, and this time, Veronica and Coco's appearance was shown.

『Master. I'm going for a walk with Mama-sama okay～』

『We'll be back by the evening』

I see, Veronica and Coco (she'd probably change into Mami along the way) has gone for a walk huh.

There's one remaining ball of light, is this from Amanda-san'?

I touched it, and as expected, it was from Amanda-san.

『Please excuse me, Danna-sama. They had said that Isaac-sama has caused some problems, so I am going to go as his guarantor』

I see. It's Isaac again huh.

I mean, when did Amanda-san start being his guarantor?

Was she asked by Ojii-san to do that? I should ask about it later.

Well, anyways.

I pretty much found out that everyone's not in the mansion.

It seems like they're not going home soon so, it can't be helped, I'd just read some manga.

I returned to the living room and tried to read the manga, but, I can't really concentrate.

U~n, if only a visitor comes.

.....visitor?

I see, a visitor huh.

Un, I should just call out a visitor. If they're not coming, I should just call them myself.

"『Invitation』"

I used magic.

This is a magic that calls visitors. It's a magic that somehow makes a visitor come from nowhere.

By the way, the one I called is an acquaintance, but doesn't visit very so often.

With that, there's no way that the King and Ojii-san would come.

"Who's going to come", I thought, and looked forward to it.

Kon, Kon, the door knocker was used.

I went to the front door, and opened the door.

"Thanks~, and goo~dbye~"

"Eh?"

The one who appeared was a face that I don't know.

Somehow looks flighty (like *PowaPowa~*), and is about the same age as my wives.

"E~to, who are you?"

It's a person who I met for the first time, so I talked with child-mode.

"You're Lucio-chan right~"

"U-Un. And you are?"

"Can I enter~"

The girl didn't wait for my reply, and one-sidedly entered the house.

She passed through my side, looked around restlessly, then advanced inside.

I was taken aback, but I chased after her in a hurry.

"....."

"....."

In the drawing room, I am sitting facing the girl.

The flighty girl entered without permission, and came up to here.

"For the meantime, can you tell me your name?"

"You can't tell?"

"I can't. We've met for the first time right"

"Un, we met faces for the first time, but it's not the first time we met"

"What do you mean?"

"We had met before I was born"

"Before you were born?"

I can't understand. What is this girl, is she receiving some weird signals?

"Sorry, I can't understand, can you teach me?"

"Are you happy if I teach you?"

"I'd be happy, or rather, very helped"

"You're going to be helped, huh.....ufufu"

She squinted her eyes happily.

"I got it. Then, I'll teach you Bal's name"

"You're called Bal?"

"U~un, no, that's wrong, Bal's name is called Balthazar"

"Balthazar?"

Eh, "that"?

Demon King Balthazar. The name of the villain who had messed up this world once upon a time.

"That's right. I'm Balthazar--the Eight, nano"

"The eight, ah!"

I remembered, come to think of it, I defeated someone called Balthazar the 7th or something before.

The eight, means, the daughter of that?

"You remembered huh~"

"I remembered well, I should rather say, I connected them"

I got on my guard secretly, I searched magic inside my head, picked several magic that can be useful for preemptive attacks, and prepared to use it.

If it's Demon King Balthazar, a fight couldn't be avoided.

"And so, what did you come here for"

My tone also changed. If it's against Balthazar, there's no need to use child-mode.

"Bal, you know, she's just born. She's born, but doesn't know what she needs to do at all"

"Doesn't know? Isn't it taking over the world?"

"Is that so~? Bal, you know, her name, and Lucio-chan's name is all that she knows"

"My name?"

"Un. It's a very important name for Bal. I only know about that, you know"

"Important.....well, I guess it's important"

Rather, it's more of a fate to fight or something, so I can't really say it's wrong.

"That's why I came to meet him. To meet Lucio-chan"

"....."

E～to, meaning?

"Are we, going to fight?"

"Is Bal and Lucio-chan going to fight?"

"No, it's not like we really need to fight or something"

"Is that so"

.....◦

I'm getting crazy.

Balthazar the Eight——it's troublesome, so Balthazar's good enough. She's somehow, seems very flighty, and I can't Even though her name's the same with the Demon King, I can't really get on her pace.

Well, what should I do.

Forcefully subjugating her is fine too, but.....I somehow feel guilty attacking from my side.

"Eat this attack!!"——if she was saying something like that, it would be easier though.

.....u～n.

Oh really, what should I do.

"Hey, Bal——hey"

"....."

Balthazar was sleeping.

While sitting on the sofa, she's swaying left and right with eyes closed.

She was even drooling.

.....this, damn, pace.

This is making me so crazy that I can't really attack preemptively anymore.

Oh really, what should I do.

"Fu....."

"Fu?"

"Fuekushun!"

Balthazar who was dozing sneezed—in that instant.

A directional explosion attacks me!

I created『Magic Shield』in a hurry.

I'm fine, but the mansion was blown off.

The mansion was half-destroyed with one of Balthazar's sneezes.

She's a Demon King, she's a proper Demon King.

She's flighty, but her powers are of that of a Demon King, a dangerous person.

If so—.

"Lucio-chan....."

"Eh?"

"I finally.....found you～....."

.....sleep talk huh.

Even in her dreams, with me.....?

.....◦

.....◦

It can't be helped, for a while.....I'll let her stay.

And just like this, our house's visitor increased by 1.

Chapter 82 – The Demon King’s Sneeze

I fixed the half-destroyed mansion using magic.

To be sure, I looked at the mansion from the garden, and checked if it's completely fixed.

"It looks like there's no problem. Fu～"

"What happened?"

Balthazar came to my side.

She's as flighty as usual, and was staring at me.

"Because of somebody, I used a large scale restoration magic that shouldn't be needed, so I'm a little tired"

"Oh～"

Balthazar stared at me, and clapped her hands for a reason, it was a silent clap.

"Don't mind it"

"It's not "don't mind it" though"

I pointed that out, but she didn't really care.

"Even so, you're really Balthazar huh"

"What do you mean, really?"

"The sneeze right now, I'm familiar with the magic powers that were released. I've fought several times after all. Against the original and the 7th"

"Is that so?"

"It's very similar. The magic powers'—hmm, it's fingerprint-like thing looked the same. Especially compared to the 7th"

"....."

Balthazar stared at me intently. She stared at me without making a sound.

"n?"

When I looked back to her, she broke into a smile, and bowed her head.

"Thank you for taking care of my mother"

"No, no, what the heck is that. That's a little, no, quite off you know"

Balthazar also didn't answer properly with that tsukomi. *Totatata*, she ran, and looked closely at the mansion.

.....can we do a catch ball of conversation.

I approached her. While thinking, "what should I do with her".

"Fu, fu....."

"Fu?"

"Fuekushun!"

"__ ! "

I instinctively crossed my arms, and created a magic shield.

Balthazar's sneeze, I remembered when the mansion was half-destroyed.

And because of that, I instinctively defended, but.....nothing happened.

Zuzuzu, Balthazar sniffed.

Nothing happened with the sneeze that was facing towards the mansion.

"My nose feelish itchy"

".....is it hay fever?"

"Hay fever?"

"That, or someone's making rumors of you"

"Lucio-chan's doing that?"

"No, that's why I said "someone", right. I'm in front of you after all"

"Un. Lucio-chan"

"Un?"

"I wakushun!"

She sneezed in the middle of her words.

This time, facing towards me.

There's no problem--I thought, but I reacted instantly.

I felt an explosion of magic powers, so I created a magic shield in a hurry.

I couldn't make it completely, and a part of my clothes and hair was burnt.

"Lucio-chan, you're a little burnt huh~"

"Who's fault is it"

"The mansion's huge huh~"

"Let's please talk with each other"

"Fuekushon!"

"—"

A sneeze towards the mansion. I was surprised, but there was no explosion.

"It's really itc--kushon!"

This time, towards me, the cutest sneeze--and the most powerful explosion.

The shield that I created beforehand was destroyed, and my head became more burnt.

"You, you're really....."

"Faito~"

"Faito your face. You're doing it on purpose right"

"???"

Balthazar tilted her head.

She had an expression that looks at it strangely.....I could see her not having any evil intent, so much that it's surprising.

Don't tell me.....she's doing it naturally? Something like a cliché?

Oi, oi.....you're kidding right.

.....yosh.

"Balthazar"

"Call me Hacchan?"

".....Hacchan"

"Un!"

She made a very happy face. This, it's difficult.

"I'll cast a magic on you, so stand still"

"Magic? Lucio-chan's magic?"

"Yeah"

"I got it"

Balthazar closed her eyes.

She closed her eyes, and stuck out her lips.

.....it's not a kiss you know.

I ignored that pose, and casted a mind searching magic.

"『Mind Reading』"

The light of the magic enveloped Balthazar.

It's a magic that materializes what one's thinking inside.

Their results.....it depends on the person.

A person who thinks of things with words, the words would come out through a voice.

A person who thinks of things with images, those images would come out.

Sometimes, there are people who think using sound or simple colors, but even with those people, deciphering is also possible.

For the meantime, the thing that I want to know, is if Balthazar has ill intents or not.

I casted magic with that——and then.

A manga sentence balloon-like thing appeared behind her.

Balthazar was the type with images.

It's good that it's with images, but.....to think that, it was my face that was inside the balloon.

Face, face, face, the balloon was completely filled with my face.

A smiling face, an angry face, a crying face—no, I don't cry.

My face as completely filling the balloon.

.....she's only thinking of me, huh.

And, I found out another thing.

Ill intents, it looks like she doesn't have any.

Because the background is light blue, and looks very peaceful.

A person who has ill intents would have black, and people who are full of desires have purple or all colors, so I can tell with that.

This isn't important, but Isaac is a person who thinks with colors, and it's always pink colored whenever I looked at it.

.....◦

She doesn't have.....ill intents.

This is troublesome, but I can't feel any ill intent from Balthazar at all.

I imagined something like "approach him, then when he lets his guard down—", but it looks like it's not something like that.

"Is it already finished~?"

"It's finished"

"Yay"

Balthazar opened her eyes.

She looked at me, and softens her sight. She made a very happy face.

The balloon that's still behind her changed. My face that was many—it became only one.

The head was a little burnt--my current face.

She seems very happy looking at me--it's a situation that I can only interpret like that.

Is she really.....that happy.

"Lucio-chan"

"What is it"

"I want to play with Lucio-chan~"

"Play?"

"Un. I want to play a lot, I want to play a lo~t. Together with Lucio-chan"

".....play, huh"

Taken aback, I think that those words are used in this kind of situation. (TL: taken aback 毒氣を抜かれる = literally translated as being stripped off of poison)
Thinking of this and that, I feel stupid being on guard.

"I guess so, let's play huh"

I've had free time from the beginning after all.

"For the meantime, let's return inside of the mansion"

"Un"

I started to walk to return inside of the mansion, Balthazar followed me from behind.

Well then, what should we do. It was when I thought of that.

"Kuchi!!"

A very cute sneeze, and proportionally terrible destruction powers.

I somehow guarded, the mansion was blown off without any remains.

"Maybe I took this too lightly", I thought, but.

"Lucio-chan"

Looking at her that still have the balloon, I couldn't bring myself to get angry.

Chapter 83 – Maou-sama’s Curse

"—kuchi!"

Evening, with the opening sneeze, the mansion's garden turned into a scorched plain.

.....it would seem insane if you only saw this explanation, but it really became like that so it can't be helped.

I fixed it properly with magic, and faced Balthazar.

".....?"

She looked at me with like innocent eyes. It's a face that doesn't seem to know what she just did.

"That sneeze, are you doing it consciously or are you doing it unconsciously, which is it?"

"Sneeze?"

"Unconsciously huh....."

I just met her, but I knew that she's a human that is straightforward.

She's a person that is straightforward, for good or for bad.regardless whether a Demon King is a human or not.

If she's doing it unconsciously, then it can't be helped.

"Lucio"

"Un?"

I turned around to the voice that I suddenly heard.

Within the setting sun, I saw Isaac and Amanda-san's appearance.

Isaac entered the premises of the mansion confidently, and Amanda-san followed after him.

Come to think of it, Amanda-san came to get him because he did some trouble or something.

"Was there no problem"

"Of course, how can I be dealt with, with such a minor thing"

"I really wonder why you're that confident"

Amanda-san who's behind him had her usual expression, but a little bitterness was mixed with her face.

I understood that it was absolutely not "a minor thing".

I should ask Amanda-san later.

"Rather than that, Lucio, I have something to ask you"

"Something to ask?"

"That's right, I heard that a red-haired beauty is living here. Where is she"

"Red-haired.....are you talking about Veronica?"

"NO. Not that milk smelling brat, but a glamorous, bewitching, adult beauty"

.....it was Veronica after all.

Red-haired, glamorous and bewitching, it's Veronica's true appearance.

I casted magic on that appearance of hers, and the one who's a child right now is Veronica. And with that, I would return her to her normal appearance sometimes, and she would enter the mansion with that.

I looked at Amanda-san.

"I have explained it to him, but he would not believe"

I see.

It means that, somebody saw that and it reached Isaac's ears, but even though Amanda-san explained it to him, Isaac wouldn't believe.

It's too much of a pain, too much of a pain to explain.

"What do you want with that person?"

"Introduce me"

Isaac answered immediately, it's like that as I've thought huh.

This guy, he likes women very much after all.

"From what I have heard, it's a beauty that I've met before. I did something wrong at that time, but this time for sure, I'll seduce her and make her mine"

"Seduce her, you say"

I have seen scenes where Isaac would seduce women several times.

Honestly, that's just like a sketch comedy, I can't think that he would be able to seduce women with that.

Even so, Isaac was full of confidence.

It's amazing in a different meaning.

"Hurry up and tell me. An adult beauty is more fitting for an adult man like me. You should just—there, you should just drink milk with that kid there. You're just fine for each other"

"Kid?"

I turned around, there was Balthazar's flighty appearance.

Fine for each other, well.....she looks like she's the same age with my wives, so if he'd say we're fine for each other, that's true I guess.

And that Balthazar, she's flighty as usual, but when I noticed it, she was staring intently at Isaac.

I wonder what happened.

".....1/3"

"Eh?"

"It's 1/3 Lucio-chan"

"1/3 me?"

I tilted my head to Balthazar's ambiguous words.

"Looks similar to Lucio-chan, about 1/3 is the same"

"Ah~.....he's my brother after all, the same blood is flowing through us too"

At least, for "Lucio Martein" that is.

That's right, I'm not conscious about it at all, but Isaac is my real brother.

.....now that I'm conscious about it, I suddenly felt distressed.

Well, whatever.

"Lucio-chan is fine with just one"

"Eh?"

When I was pondering what it meant, Balthazar reached out her hand towards Isaac.

Magic powers were raised, and the magic enveloped Isaac.

"O-OOOOoooooo....."

His voice sounded like it became far away, and Isaac's body gradually shrunk.....he changed.

Within a few seconds, he turned into a slug from a human.

.....a slug that is very colorful, and has star marks all around his body.

You.....you still look like that even if you turn into a slug huh.

No, no, rather than that.

"Why did you do that"

"I hate Lucio-chan who's similar to Lucio-chan other than Lucio-chan"

"The same genes with me.....you changed him using magic because he was similar to me huh"

KokuKoku, Balthazar nodded.

I see, I get the story.

It was completely not your fault huh, Isaac. I did something bad for just watching because I didn't feel any killing intent.

.....well, whatever, it's Isaac after all.

"Lucio-sama"

"I'm back~"

"I have returned——ara, she is?"

And while this and that happened, my wives came back.

Somehow, it feels like there's more trouble to come.

Chapter 84 – Underage(Wife)'s Point

Night, in the living room, my wives who have come home gathered.

"You would explain what is going on right"

Within the three, Veronica asked with a grim face.

By the way, "that girl" Balthazar is in a short distance away.

"I'm Nadia, what's your name?"

"Call me, Hacchan"

"Hacchan huh, un, I got it. By the way, does Hacchan like tea?"

"I don't know. What is, tea?"

"Fue? You don't know tea? Yo～sh, Amanda-san, please take out a good one"

Nadia shouted towards outside the room. She had already broken the ice with Balthazar quickly.

Since there was the case of Isaac, I was worried that Balthazar wasn't planning on getting along with anyone other than me, and there would be a bad mood with my wives, but that was not the case at all.

It's probably all thanks to Nadia who is friendly and cheerful.

Suddenly, my face was caught.

"Looking away!"

My face was forcefully turned back. I could almost hear the sound *Goki!* in my neck.

"Please do not. I am asking you a question"

Veronica made an extra grim face.

"Sorry sorry"

"If you really think of that, explain. That girl, who and where did she come from?"

"It would be very long if I explain"

"Please make it short"

"U~n"

I thought for a while, then decided to tell it honestly.

She's my wife after all, it's not good to hide things from her.

"Do you know the name Balthazar?"

"Balthazar?"

Veronica thought for a moment.

"I know that! It's the Demon King right!"

Nadia who was a little far away answered immediately.

I knew that she'd be like that. Nadia has been with me to Balthazar's space several times, and fought against him.

Next to me, she's the person who was the most involved with Balthazar in this house.

Because Nadia had answered like that, Veronica nodded as she remembered.

"You were talking about "that" Balthazar huh. If so, even children knows about that"

"It seemed like you had a hard time to remember though"

"I-It's because it is a term that is not used in daily life!"

Veronica refuted with a flushed face. She has a point.

There was no way that the Demon King who has been sealed a long time ago would be mentioned in daily life.

That was what I thought, but.

"I have heard about that a lot. When I was a child, Oto-san would always threaten me like "If you are not a good child, Balthazar will come and take you away~""

It's really used in normal daily life, I mean, isn't that a Namahage.

When Sylvia said that, Veronica had a blushing face.

"T-That does not matter desu wa! Rather than that, what is it about Balthazar?"

"She, she's Balthazar"

"Do you really think that you can get away with such a made up story of poor quality?"

"No, it's true. Precisely, it seems like she's Balthazar the 8th. How can I say this, she's the original's descendent, I guess? I haven't heard the details about that though"

".....are you saying the truth?"

"Had I ever lied to everyone?"

"....."

"Lucio-sama had never lied to us"

Veronica did not say anything, and instead, Sylvia answered.

And, Nadia had high spirits.

"I see, it's Balthazar the 8th, so it's Hacchan huh~"(TL: 8(ハチHachi) = Hacchan) "That's right~"

"I see, I see. Let's get along from now on okay, Hacchan!"

"U~n. Un. Let's do that"

Nadia reached out her hand, and after Balthazar had thought for a while, the two shook their hands.

Are you fine, just that easily?

"D-Do you have proof?"

Was she already unable to pull back, Veronica insists.

"Proof?"

"Yes, proof desu wa. The proof that that girl is in the bloodline of the Demon King"

"Even if you say that~"

It's not like she looks similar to Balthazar, and there isn't IDs in this world.

Something that can be used as a proof--『Magic Shield』!!!

I instinctively used magic. I expanded the shield fully to protect my wives.

Soon after, "Kuchi!", Balthazar let out a very cute sneeze. About half of the mansion was blown away.

A sneeze that almost didn't have any sign. The reason that the shield was in time was because my sixth sense reacted.

The mansion half destroyed with the Demon King's sneeze, my three wives that I protected unscathed, and flighty, light and fluffy, Balthazar.

"How cool! What's that right now, what magic was it right now?"

Nadia raised her spirits. It's very like her.

I looked at Veronica. She was stunned to the half destroyed mansion.

"Do you believe me now?"

"Y-Yes.....with this much magic powers shown..... I can't understand why it's a sneeze though"

"I also don't know anything about that"

I used magic to return the mansion to normal while saying that.

Sylvia came to my side. She held my hand with a worried expression.

Nadia with high spirits, and although surprised, Veronica who was still composed.

Unlike the two, she seems to be a little afraid.

That's why, I held her hand tightly in return, and smiled at her.

And then, with that, Sylvia got slightly relieved. She made a very peaceful face.

When I noticed it, Balthazar has come in front of me.

Ji~, she stared at Sylvia and me, and stared at our holding hands.

"What is it"

"That, what kind of magic?"

""That"?"

"Your hands are holding each others"

"Ahh. This is not—"

"You held each other's hands, and that person became like *Fuwa～n*. What magic is that?"

Balthazar asked while tilting her head.

No, it isn't magic—.

"It's the magic of holding hands!"

"Nadia?"

"When you hold hands with Lucio-kun like this, you'd feel very safe"

Nadia came to the other side, and held my open hand.

"She also became like *Fuwa～n*"

"Well, I'd be like that. Right! Sylvie"

"Un.....Nadia-chan"

Nadia with a smile, and shyly Sylvia.

Balthazar who stared at the two.

She looked very interested, comparing the two's faces and the holding hands.

I felt I was being looked at from the other side.

It's Veronica. She's staring at me.

"What is it, Veronica"

"Where's my part?"

"Eh?"

"I'm asking you, where's my part"

"Part, you say.....you mean this?"

I showed the hand that was holding Nadia's.

Veronica didn't nod, but the way she stared at me says yes.

I see, she wanted to hold hands huh.

But even so, both of my hands aren't open after all.

"Please do something about it"

Veronica asked cutely.

How can I say this, hmm, it's amazing.

It's not like it's jealousy or something, but rather, it's simply "I also want to do it, so do something".

Just like the time I proposed to her, it was very like her.

"『Magic Hand』"

I used magic, and created another hand.

MonyoMonyo, the hand grew from my back. The third hand reached out to Veronica.

"Please go on, my princess"

"Your frivolous talk is as low as usual huh"

Even though she's saying that, Veronica held my hand in a very good mood.

With three hands, I held my three wives.

It was very soft and warm.

They say that it's magic, but I feel like it's rather, I'm the one who has fallen under a spell.

I thought, it might also be great sleeping like this today.

Suddenly, I feel I was being looked at. Balthazar's look that I have felt since earlier became stronger.

She was staring at the increased hand, and Veronica's face who was holding that.

"It's really magic right. After all, she's like *DereDere*, when she held it"

"W-Who is *DereDere* you say!"

"Ahahaha, Vero-chan's so stubborn"

Nadia laughed happily.

"I am not being stubborn! I-I'm his wife, so I would not be like *DereDere* with just this"

"But, you're very *DereDere* you know. Ne~"

"Ne~"

Both of them tilting their head, Nadia and Balthazar nodded at each other.

Nadia who is lively and cheerful and Balthazar who is somewhat light and fluffy.

Their personalities are at the opposite, but it looks like they're getting along with each other already.

"Ne~, Lucio-chan"

"Un?"

"Hacchan also, wants to do that"

"This? You mean hold hands"

Balthazar nodded. "What should I do", but when I was thinking of that.

"No way"

Very surprisingly, Sylvia was opposed to it.

"Sylvia?"

"There is no way. The only ones who can hold hands with Lucio-sama is his wives"

"Oh~, Sylvie's quite serious"

"How rare, to think that you would insist on that point strongly"

"Because.....because"

"I am not blaming you"

"Eh?"

"After all, I feel just the same"

"Un, I also think so. The only ones who can hold hands with Lucio-kun is his wives"

Nadia said like a teacher saying you can only read manga if it's Jump.

Just like that, wives agreed with Sylvia.

I also agree.

The only ones who I should hold hands with are my wives.

This action is a special thing for them, and I would only do it with them.

That's why, I feel bad for Balthazar, but--.

"That's why, Hacchan should become Lucio-kun's wife first"

"Eh? No, no"

I made a wry laugh. It was very likely of Nadia to suggest that, but isn't that going too far--.

"Yes, that is right"

"There is no problem then"

Surprisingly, Veronica.....and even Sylvia followed.

.....eh?

What does this mean? What kind of development is this.

I, could not understand what my wives were talking about.

Chapter 85 – Inspection

"We're here~"

Being first, Nadia was in very high spirits.

Lunch under the bright sun, we have come to the grasslands in the outskirts.

Me, my three wives, and with Balthazar, the five of us.

With the exception of Balthazar, we come here a lot.

Going for a picnic, sleeping in the afternoon, or playing with new magic spells.

Since it's wide and open, convenient place, we come here a lot as a family.

And Veronica, recently, she usually goes here out for a walk with Coco/Mami.

I feel very warm seeing the appearance of Veronica going out for a walk with Coco and Mami with a leash connected to their wrist, so I sometimes follow them secretly.

Well, enough of that.

"O~i, Nadia"

"What's up?"

When I called her, Nadia returned with a trot.

"Why did you bring us here?"

"It's for, Hacchan to practice controlling her powers you know"

"Control? Practice?"

"Un! You know, that sneeze. She need to control that right?"

"Ah~, well, that's true, that's a little troublesome. I'd be able to react and protect when I'm around, but it would be the worst if I'm not around. It's crude since its powers are dispersed, but its destructive powers aren't that different from the first generation"

"Is that so~?"

"You saw the mansion getting blown off right? And also, I feel like its strength is gradually growing. I guess that she'd be able to blow off a whole town sooner or later"

"As expected of the Demon King's daughter huh!"

"I'm already the Demon King you know? Only Hacchan is still alive within Balthazars"

Balthazar said in a carefree tone. No, the first generation is alive in that space though.

But well, leaving that on the side—Demon King's are something like that huh.

"Then even more, you should learn to control it. To become Lucio-kun's wife too"

"To become a wife?"

Balthazar tilted her head. She was still having a light and fluffy air.

Sylvia also soft and gentle, but it is a different kind from that.

That trait of Sylvia feels like peaceful and quiet, with a pinch of timidity on the side.

Balthazar's fluffiness is like out of the world. Common sense would be hardly of use.

"Right, to become a wife. If you can't do that, you shouldn't become Lucio-kun's wife"

"Wife.....even if I can't—"

"Then, you can't hold hands"

"I'll become his wife~. Even if the whole world becomes my enemy"

"Hmph", with high spirits, Balthazar made a very lovely guts pose.

I thought that she had settled down overnight, but she's still hung up on that huh. For some reason, she's firmly determined too.

"I mean, is everyone, really fine with that"

"I think that it is fine"

The one who answered was Sylvia.

"Balthazar—"

"Call Bal, Hacchan"

".....Ba, Balthazar-chan, I don't know much about her, but I know that she has strong feelings to be together with Lucio-sama. I-I think that it is fine"

"That is exactly right. Leaving her on Lucio's side would also be for the sake of mankind"

"It's not something so difficult"

With a face full of smile, Nadia tapped the other two's back.

"She really likey likes Lucio-kun, and she's not a bad girl so she should be together with him"

I think that, that's too simple.

But, it looks like that was good enough.

Both Sylvia and Veronica, after getting surprised, they nodded with a convinced face.

"If so, even more.....from how I think of it, is it not fine even if she cannot control it? It is something that would not cause any problem if Lucio's around"

"That's why I'm saying, there are also times when he's not around right? What if, Hacchan is just like Sylvie who would wet her bed when Lucio-kun's not around because she got sad, wouldn't that be bad?"

"Waa～! Waa～! Nadia-chan, don't say that!"

Sylvia waved her hands and was saying "Wa～Wa～". She took a glance at me with a very flushed face.

I mean, well, it was like that huh. Sylvia's habit of wetting her bed, I thought that it has completely disappeared recently, but she's not completely out of it huh.

.....un, this also love as a husband, I should make it as if I didn't hear anything.

"I also, when I'm sad and lonely without Lucio-kun around, my head would explode"

"Is that not just a gag"

"Vero-chan also—"

"What is it with me?"

Veronica glared at Nadia under a smile.

She's facing Nadia so I couldn't see her expression, but— I felt cold.

Shivers were sent to my spine.

".....it means, Hacchan needs to train!"

Ah! She diverted the conversation.

Nadia, she's probably having a cold sweat.

I don't know what she was about to say, but, un, it's for her own sake to say nothing more.

"Lucio? Right now, did you hear anything?"

"N-No, nothing at all. I just suddenly felt my ears hurt and couldn't hear anything"

It's also for my own sake to not ask anything, un.

The conversation's divert— returned to Balthazar.

"If that is so, you want to overcome it?"

"Ye~s"

"By the way, what magic was that? That sneeze. If I knew what magic is it, it's possible for me to pin point it and seal it"

"Bal, she doesn't know how to use magic?"

"He?"

I doubted my ears. She can't use magic?

No, there are a lot of people who can't use magic, but then, what in the world was that sneeze?

"That was just a normal sneeze you know?"

"A normal sneeze?"

"A normal sneeze"

Balthazar clearly nodded with an immediate answer. Is it that, she really can't use magic?

To confirm that, I casted a magic spell on Balthazar.

"『Inspection』"

The magical light enveloped Balthazar, burst off and disappeared.

It's a magic spell that checks how many magic spells are learned.....or Grimoires read. A figure should come out if she had learned any magic spell, but if none, nothing would happen and it would burst off like what happened right now.

By the way, Sylvia, Nadia, and Veronica, 1 came out from them, and in my case, it easily exceeded five figures.

The『Inspection』was working properly.

Then, it just means.....she really doesn't know any magic spells, huh.

I thought that that sneeze was very crude, but.....I see, it's a magic spell, but magic powers being released casually huh.

Strangely, I got convinced.

"Is there nothing that can be done, if, it isn't magic?"

"That's not true at all. Right! Lucio-kun"

"Yes, if it is Lucio-sama, then surely"

"He is my husband after all, this much, it would not even be called a problem"

It seems like I'm quite trusted huh.

Well, I can really do something about it though.

I searched the magic spell inside my head, if it is just a release of magic powers, then.....that one should be good enough.

"『Worm Hole』"

I used the magic, the space before Balthazar distorted.

The distortion that could be seen with the naked eye, it's not like there's anything special, but it was just, distorted.

A given example would be, the heat haze during a midsummer day.

Sylvia, Nadia, and Veronica, all of them focused on that.

"What's this? Is it okay to touch it?"

"There isn't a problem with just touching"

I touched it first to show them. But even so, there isn't anything there, so rather than touching, it's more like passing through.

When my hand passed through, my hand looked like it was distorted.

"Waa～! Looks fun"

Nadia passed her hand through the distortion many times.

"So fun～. Look, look, Sylvie"

And she even puts her head in it.

Nadia's distorted face, everyone laughed out at once.

After finishing laughing.

"And then, what's up with this?"

"It's probably better if you actually see it"

I said that, and looked at Balthazar.

Everyone got into their senses, and focused on her.

With how the conversation progressed, everyone knew that it's a magic to counter the sneeze, so they're expecting for a sneeze.

"?"

The only one who's clueless was Balthazar. She stared back at us while tilting her head.

"Yosh, Sylvie, go and catch Hacchan"

"Un, I got it"

"I picked this up earlier. The end of this plant is like a fluffy wool, so it should be enough"

"As expected of Vero-chan! It's the wisdom of an old wo—i'sh noshing!!"

Nadia who received the long and thin thing from Veronica after saluting, and Sylvia who hugged Balthazar from behind.

Using that thing, Nadia tickled Balthazar's nose.

"Aha, ahahahaha. Sto~p it~"

"Here, here, hurry up and give up~"

"Should you not just plunge it inside her nose?"

"I see!"

"Ah! Balthazar-chan, don't struggle"

"Call Bal, Haccha——hakushun!"

Her refute changed into a sneeze.

She made a huge sneeze, and just like up until now, magic powers were released.

The magic powers that would cause an explosion were absorbed by the distorted space.

In the next instant, another distorted space appeared in front of me.

And from there, the enormous amount of magic powers blew off, and hit me directly.

About half of the grasslands were blown off, and the earth was scorched behind me.

I should fix it using magic later.

"Lucio-sama!"

Sylvia called out to me worriedly.

"Don't worry, he's the one who did it purposely, so he should've expected

this"

"Ahahaha, Vero-chan, your voice is shaking, worried huh"

It's rather, you should worry about me a little more.

After the magic powers smoke cleared, and looking at me.

"Thank goodness....."

"W-Well, it's this much desu wa"

"Ahahahaha, Lucio-kun's head exploded. You're going to wet your bed tonight, I'm sure"

Different reactions with each of the three, it's nice that they're having fun.

For the meantime, the sneeze is solved with this, I guess.

Chapter 86 – Demon King Immediately Falling Within Two Panels

When Balthazar's magic powers explosion trouble was solved, my wives—especially Nadia, was brimming of desires to play.

I like playing with my wives, so when I see them wanting to play, I also feel happy.

And Nadia, when I saw her running around in the grassland, she suddenly stopped, and bent her knees to the ground.

And after a while, she seemed like she thought of something, and asked me to make it a reality using magic.

That is our house's daily life.

"Lucio-kun! I want to ride that!"

"You came huh"

I looked towards the place Nadia was staring at.

There was a small frog there.

It was just staying at its place, and only occasionally inflates its cheek pouch.

"You want to ride that?"

"Un!"

"I got it, 『Sma.....』"

"Sylvie too!"

"Eh! Hyan!"

Because I finished casting the magic『Small』that makes someone smaller, Nadia pulled her best friend Sylvia by the hand.

The magic was casted on the two, and their body became small.

After the two had become smaller, Nadia pulled Sylvia, and rode the frog on

its back together.

Pyon!, the frog jumped.

"Kyahahahaha!"

"Kyaaaaaaa!"

Nadia who started laughing out loud on the back of the frog that jumped, and Sylvia who was forcefully pulled on raising a scream.

While letting them do what they want, I left some part of my consciousness on them to follow up in the case of anything happening.

And while doing that, I also asked Veronica who is beside me.

"Is Veronica fine? With something like that"

"Me? Let me think, then since you're asking, I want to fly to the sky"

"Then how about a dragonfly? Unlike a bird, it can stand by in mid-air so you might get a different feeling from it"

"That seems interesting. Can I ask you then"

"『Small』"

I replied with a smile and magic, and let Veronica who got smaller ride on the back of a dragonfly.

She didn't raise a scream or laughed out, but looking at her side, she seems very content.

But, that was only for an instant.

Another dragonfly came on the dragonfly that she's riding, and they have docked together mid-air "Wait a minute, why did another dragonfly come?! Lucio! Hey Lucio! They are doing a weird thing!"

"It's the dragonflies mating"

"Ma—"

"Don't worry, dragonflies mate while flying so there's no problem"

"There is a huge problem! Let me choose another kyaaaaa!"

She complained, raised a scream, and Veronica was taken away.

Putting it as it's a great experience being able to ride on the back of a mating dragonfly, I let it as it is.

Of course, I didn't forget to leave some consciousness on her to not let any harm come to her.

Lastly, I looked at Balthazar.

She's sitting beside me obediently, and looked up to me with a light and fluffy feeling.

"What about you? You want to ride on a honey bee or something?"

"Right now, it's magic~?"

"Un? Yeah, it's magic. This much, I think that you can also do it though?"

After all, she's a Demon King.

"Bal, she can't use magic you know?"

".....come to think of it, you also said that earlier huh"

She made Isaac into a slug though, I wonder what that was.

.....it's Isaac after all, so, whatever.

"Would Demon Kings also learn magic after reading manga--I mean, Grimoires?"

"Grimoire~?"

"Something like this--『Transfer』"

I used magic, and reached out to my side.

A mysterious hole opened in the space to my side, and I placed my hand in there.

A magic spell that connects different spaces passing through dimensions. This time, I connected the space to the Grimoire Library.

And from there, I took out one Grimoire.

There was a fluffy sheep drawn on the cover, a Grimoire/manga with a heart

warming feeling.

After checking the cover and the contents briefly, I passed it to Balthazar.

"Try reading this"

"Reading?supi~"

The instant she looked at the first page after opening the Grimoire, Balthazar fell asleep with a snot bubble.

"What the heck!"

I couldn't help but shout.

I mean, it's not a textbook you know.

This is the first time I saw someone fall asleep immediately by reading a manga.

Being shouted out, Balthazar's snot bubble popped and opened her eyes.

With a sleepy face, she looked at me and the Grimoire I passed onto her alternately.

And finally, with a little sulking face.

"An item to curse only Bal?"

She said.

"If so, that would be amazing! Isn't that a rare item for Demon King fights. Not that, but, this is a, well—a magical book that makes you learn magic"

"Bal too?"

"I don't know about that. It's like that for humans, but I wonder how it is for a Demon King. It would be proven if you'd just be able to finish reading it though"

"If I read it, Lucio-chan will be happy?"

"Happy, well, it's rather, it would be helpful if the mystery is solved"

"Then, I'll read"

Balthazar said that, and looked onto the Grimoire once again, but.

"Supi~"

Once again, she immediately fell asleep.

"Are you Nobita or something!"

She fell asleep once again.

Probably, she has only read two panels, she really fell immediately.

And this time, I stopped having the feeling of pointing that out.

While holding the opened Grimoire/manga, *KokuriKokuri*, she swayed her head with a snot bubble.

"Lucio-chan.....can't eat anymore you know?"

"Your sleep talk is normal huh"

"Instead～.....you can eat Bal"

"That's what you meant huh!"

"You know～....."

Grinning, Balthazar drooled while smiling.

"Demon King, what was it again" I mean, she had a very innocent sleeping face that made me think of that.

For the meantime, the thing that I found out with this.

Balthazar can't use magic, and she also can't read (you can say it so) Grimoire.

And--.

"She's sleeping huh"

"I'll also sleep!"

"I'd had enough of dragonflies desu wa"

Returning one by one, my wives that started to sleep on top of Balthazar while still small, I also found out right now, that they really like her.

Chapter 87 – Swan’s Flutter Kick

The four who woke up from their afternoon nap.

Unlike the three who woke up in an excellent mood, Veronica was in a slightly bad mood.

"What is it"

"What is it your face. That dragonfly came out in my dreams!"

"Well, that's awful. Do you want to do something else to get refreshed?"

"Lucio should let me ride him"

"Un? Me?"

"That is right. Please become a dragon just as usual, and let me ride in your back"

"I got it"

I answered immediately. That much of a request, isn't that much.

"Transform·Drago——"

"Hekuchi!"

The next instant I used magic, Balthazar sneezed.

It was her cliché sneeze.

The magic powers that were released were absorbed by the gate countermeasure, and it was released to me.

There was a huge explosion right above my head, and the dust smoke covered all of my body.

"Lucio-sama!"

I heard Sylvia's panicked voice.

"I'm alright, don't worry"

"Thank goodness....."

"As expected of Lucio-kun huh—oh, what's this"

Nadia was almost finishing talking, but her spirits suddenly went up.

It was a very cheerful "what's this".

Soon after, she started laughing while hugging her stomach.

"Ahahahaha, Lucio-kun so cute~"

"This is.....good too"(Veronica)

"Howa～....."(Sylvia)

I heard my wives' voices one next to the other. What is it so suddenly?

After the dust smoke had cleared, I noticed the change.

The height of my sight is different from usual.

No, well, I used the magic to transform into a dragon, so it's normal that the height of my sight is different, but I don't meant it like that.

Rather, it's the opposite.

It was not the sight of me looking down after becoming big, but it's a sight where I'm looking up to my wives.

Just like I'm looking upwards from below, it feels like I'm looking up to a giant.

"This, what does this mean"

"Lucio-kun became small"

"Mu?!"

"Small～, a dragon's baby huh"

"It is like he has become like a stuffed toy"

"『Full Lens Mirror』"

I used magic.

A mirror of the same size of my body appeared in front of my, and showed my appearance.

The thing that showed was a small dragon.

It was the dragon appearance before but, it's just deformed smaller.

Just like Veronica said, it was like a stuffed toy.

"Why did it become like this?"

"Can't you become bigger?"

"I can--『Fake Growth』"

"Hekuchi!!"

The instant I used magic, Balthazar sneezed again, and the magic powers hit me directly.

There was a similar explosion, and the dust smoke covered me.

The instant it cleared, the height of my sight changed again.

Surprisingly, the four of them became adults.

I used magic to make myself that became a dragon bigger, but instead, it made the four of them adults.

Well, leading up to this, I can guess the reason.

The instant I used magic, Balthazar's magic powers directly hit.

And that lead my magic to malfunction.

"Supi～....."

And the person in the act, Balthazar.....the adult Balthazar that I saw for the first time was having a snot bubble, and was sleeping while standing.

She became a cute adult, but that appearance of hers was very disappointing at the same time.

.....well then, I should use magic once again.

I should become bigger, and let Veronica ride on my back--.

But when I was thinking of that, Veronica hugs and carries me.

"Veronica?"

".....how cute"

"Eh?"

"Lucio, tell me why are you this cute?"

"Wait, Veronica, what are you saying"

"Lucio-kun is very cute from the start. Right! Sylvie"

"That is, to say that Lucio-sama is cute.....well, but, un....."

With flushed cheeks, Sylvia nodded.

KyaKya, the three adults were in high spirits, surrounding me.

I feel like I'm a puppy caught by high school girls.

Veronica who carries me to an embrace, she pats my head with a very loving touch.

After she had patted me for a while, she gave Nadia her turn.

Nadia rubbed her cheeks to me strongly.

And next to that, she passed me to Sylvia.

Sylvia hugged me nervously, but she did it lovingly.

This isn't so bad, I feel like being adored by big sisters, it isn't bad.

"Ahaha, Lucio-kun is like being petted, this is really fun"

Nadia said that, and Sylvia and Veronica nodded.

Everyone, it seems like we feel just the same.

"Bal-chan should also do it—oh my, Bal-chan's sleeping again"

I was about to be passed to Balthazar at the end, but she was always asleep since she turned into her adult appearance.

"Too bad, it's so fun, so I wanted to Bal-chan to join too"

"Lucio only needs to maintain this situation until she wakes up."

"Right now, it is somewhat like an accident but, is it alright with that, Lucio-sama"

Sylvia got worried.

It's true that the current situation was an accident, and it was the result of Balthazar making my magic malfunction.

I get her point being worried about that.

But, there's no problem. And accident of this level, it isn't much.

To make her relieved, I smiled pleasantly, and.

"It's al—"

The instant I opened my mouth, the surroundings changed.

The surrounding space distorted, and I was thrown into a completely different place.

"—right?"

It was a place where nothing exists.

The surroundings were completely black, a space that makes me feel that my sense of balance whether it is up, down, left, or right, it had become strange.

It is a space—a familiar place that I have visited many times.

"Fuhahahahaha!"

It was a familiar voice.

When I turned around, there was Balthazar's (1st) appearance.

That's right, it was the space that I was summoned to many times.

It was the space where the original Demon King Balthazar was sealed.

"Hou, just like I felt so, you're weakening, Lucio Martien"

"Weakening?"

"I casted magic on you. One that would activate when your stamina and magic powers have decreased, a magic that would drag you into this place"

"You even did something like that"

"I will pull out your guts and chop you into pieces!"

Original Balthazar attacked.

A trap that would activate when I'm weakened, I see, it isn't a bad strategy.

It isn't bad—but.

"『Transform・Dragon』"

I used magic. My appearance changed.

It was the proper magic where there was no interference——no disruption of magic powers.

I changed my appearance to a giant dragon, the proper appearance of the magic.

To the symbol of power, to the appearance of a giant dragon not deformed smaller.

Balthazar's complexion changed.

"I-Impossible. You did not weake——BURUAAAAAAAAAAAAAA!!"

I trampled the Original Balthazar using my forefoot.

Quite seriously, without mercy.

I also added grinding to that.

Oh really, to think that he'd get in the way of me playing with my wives.

I defeated the Original Balthazar, and the space started to distort.

It's the sign that I'm coming back to the place before.

Mu! A lot of things would be spoiled if I returned just as is.

"『Transform・Dragon』.....『Reproduction』"

I used two magic spells at the same time.

A magic spell that turns me into a dragon, and a magic spell that would reproduce a situation.

While I was transforming, I hit myself with a chunk of magic powers.

I reproduced her sneeze.

And, in the next instant.

"....."

"Lucio-sama?"

I returned to the place I was before.

Looking at my stuffed toy size after looking around restlessly, the adult Sylvia tilted her head.

"Did something happen?"

"Right now, I—no, it's nothing"

Sylvia, Nadia, and Veronica didn't react at all, they didn't even ask "Where did you go to?".

It looks like they haven't noticed that I was summoned to Original Balthazar's space.

It would be better if they haven't noticed, or rather, it would be great.

And at that time—Balthazar's snot bubble popped.

After waking up, she looked around, looked at herself, and looked at me.

I stared at my stuffed toy sized appearance, and finally, *Powa～*, she made a soft and lovely smile.

"It's Lucio-chan～.....it's still Lucio-chan even inside my dreams～"

She said that, carried me to an embrace, and rubbed her cheeks to me like Nadia—and fell asleep again.

"She knew that it's Lucio-sama huh"

"Even though she's just half-awake"

"It is the proof that he is the real one"

Under the setting sun, Balthazar hugged me, and there were three adults watching us while nodding.

The grasslands, it was covered with "happiness".

Chapter 88 – Underwater Flight

Afternoon in the next day.

Without going to the Grimoire Library, I was reading Grimoire in the mansion.

And the reason behind that was, Balthazar would stick to me and wouldn't go away.

It would be troublesome if it was blown off altogether with the Grimoires and repairing it back, so today, I didn't go and remained at the mansion.

And right now, Balthazar is lying her head on my thigh.

Rather than letting me, she is the one doing it.

She placed her head on my thigh while I'm sitting on an air sofa, and relaxed leisurely.

"Shouldn't be the other ways?" I thought, but.

"Ufufu~"

She was making a content and happy face, so I let her do what she want.

"Lucio-chan. What's that~?"

"This? It's a Grimoire with the『Ball Pool』magic. The story is quite interesting, but the magic spell might be most useful as a party trick"

"?"

Balthazar had a question mark in her head.

While lying down with her head on my lap, she dexterously tilted her head.

"What do you not understand?"

"Magic? Grimoire?"

"Un? I explained yesterday that you can learn magic by reading Grimoires right"

"Bal, she doesn't remember you know?"

"You don't remember huh. Well! That's about it pretty much. This--I mean, reading Grimoires like this, you can learn a magic spell for each book"

"Lucio-chan already learned it?"

"I just finished reading now"

"Show me the magic"

"Yeah, it's alright"

It's a magic that doesn't have the minimum versatility, but it might be good as a party trick.

I put down the Grimoire, and casted the magic.

"『Ball Pool』"

"Hekuchi!"

The instant I casted the magic, Balthazar sneezed again.

She sneezed with her head lying on my lap, without letting the gate do anything, the Demon King's magic powers hit my face directly.

I expected it, and I also have countermeasures.

And ignoring that, the magic malfunctioned.

It was originally a magic spell that creates a ball of water with 3 meters in diameter It's a magic that would just create water and the power of the magic would make it a sphere, and you can play inside that.

And that, with a malfunction, it covered the whole mansion.

"—!"

Balthazar seems to be suffering.

The water covered us together with the mansion.

"『Adaptation』"

"Hekuchi"

I casted magic that would make one adapt to water.

Her magic powers hit my face, and a part of the water was blown off.

The sphere lost its shape for an instant, but immediately returned back.

It's magic that has that effect.

"It hurts~, it hurts~, Lucio-cha~n"

On the other hand, after sneezing, Balthazar panicked on top of my lap.

Her appearance of panicking although she can speak normally was very cute.

"Calm down, it should be okay already"

"Fue? Ah! It's true~"

Balthazar calmed down. She raised her body, and looked at her hands.

"Water?"

"Yeah, it's water.....un?"

I noticed the strange thing.

I reached out my hand, and I moved it in the air--or rather in the water.

I felt the water resistant. It was like in the water--I feel the resistance just like when moving my hand in a bath.

I got a little surprised, it shouldn't be like this.

The『Adaptation』magic that I casted just down should be a magic that makes one move like they're in land.

Being able to breathe of course, one should also be able to move normally, ignoring the water resistance.

"I can breath, but I feel the water resistance"

I looked at my hand, and looked at Balthazar.

This malfunction was probably because of her sneeze earlier.

There's no problem breathing, but it's hard to move like this.

"My bad, I'll recast the magic right now--"

"Look, look"

Balthazar moved her arms and legs.

Not in land, but in water.

She flapped her limbs lifting her body up— and floated up.

"Bal, she's good at swimming you know?"

"Was that so"

"Lucio-chan wants to swim too?"

"Let me think"

It's an irregular, but since it already happened, I think it could also be enjoyed like this.

I followed Balthazar, and flapped my limbs.

And doing that, I floated.

I imitated the movement of breaststroke.

"Uwa!"

I became too fast, and flew up to the ceiling.

My head hits the ceiling.

"Ouch....."

"Lucio-chan, you okay?"

"Yeah, I'm fine. We're inside the water, so we float a lot huh"

I tried moving a lot.

We can breathe and talk, but other than that, it feels like we're within waters.

It's troublesome diving down, but it's easy to float.

Meaning, the situation right now.

It feels like we're inside a pool where we can breathe freely.

"Uffufu~"

Balthazar swam around the room.

She was like a mermaid, and it was fun watching her.

"Lucio-chan, let's go outside"

"Yeah"

Together with Balthazar, we went outside through the window.

A giant sphere pool was covering the entire mansion.

We swam around the mansion.

We also went to the back side of the terrace where we can't normally go to.

"Papa!"

A voice calling me.

The one who came out of the mansion was Christina.....the Spirit of the Grimoire, Chris.

Chris floated in the air just like us, and flew towards us.

"This is bad, Papa, the Grimoires are all soaked in water"

"I see. I'll do something about it later"

"Is it okay?"

"Yeah"

That is already within my expectations.

It would be easily solved by casting repair magic to the whole mansion.

Although, during that, I need to do it in a place where Balthazar isn't around.

.....no, it might also be interesting taking a look at what kind of malfunction would occur when she's around.

"Ne~, ne~, Papa, who is she?"

Chris asked about Balthazar.

Before I answered, Balthazar answered instead.

"Bal is Bal you know?"

"I'm Chris. Nice to meet--you?"

Saying that, Chris looked at me.

Her appearance of tilting her head, was like asking "can I get along with her?".

"You should get along with each other"

"Un, please take care of me"

Chris reached out her hand.

Balthazar tried to shake hands, but she passed through the translucent Chris's hand.

"You still can't be touched huh"

"Hurry up and read lots and lots of Grimoires okay? Papa"

"I'll do my best"

The more I read Grimoires, the more would Chris materialize.

I'm reading Grimoires with the goal of someday, she would completely materialize.

"I know, Papa, Papa, I have another thing to report"

"Un?"

"Coco-chan's panicking around there"

"Said that earlier! Where is she"

I asked Chris Coco's whereabouts. Chris showed a clueless face for an instant, and guided me.

Coco was found on the other side of the mansion.

Coco was doggy paddling trying to get out of the water but it seems like she can't do it very well.

It seems like she's suffering because she could swim but couldn't take a breath in between.

Ah! She lost consciousness.

I swam in the air in a hurry, going towards Coco.

"『Adaptation』"

"Hekuchi"

I heard a sneeze from behind, and the magic powers directly hit the back of

my head.

I knew it. That's why I properly put a magic barrier on Coco.

In a moment, "Pu～"Coco spat out water.

It was as if the spouting of a whale.

Spitting out water inside the water, it was that kind of an interesting scene.

"A-re～? Where is this place～?"

"You woke up"

"Master～.....a-re-re～, right now, I saw Okaa-san waving her hands across a river right now～"

Coco tilted her head, no matter how you look at it, isn't that a near-death experience.

"Ne～, that right now, how did you do it?"

Balthazar asked.

h? Right now, I just normally used『Adaptation』magic.....

But when I was thinking of that, Balthazar wasn't asking me, but Coco.

Coco was confused, looking at Balthazar and me alternately.

I asked Balthazar.

"By right now, you mean, Coco's swimming style?"

"Un"

"It's dog paddle, you want to try it?"

"Un"

"Coco, can you teach her?"

"Yes, I understood～"

Her master said it, so Coco got relieved, and taught Balthazar the dog paddle style.

Balthazar learned it immediately.

Together with Coco, the two of them flew around the mansion using dog paddle style.

And to that, Chris also joined. Chris was flying in the air and her movements are smooth, but she was at least making the dog paddle pose.

Afternoon.

The four of us swam inside and outside of the mansion, horsing around.

Chapter 89 – Two Times Lucio

"Hekuchi!"

Just as usual, Balthazar released magic powers reacting to my magic.

The happening in the mansion's courtyard, Balthazar was completely discouraged.

"Lucio-chan's ring....."

While staring at her own hand, she whispered sadly.

I put a ring on her.

A wedding ring that I made with magic to put on my wife.

Balthazar reacted to that, and the ring was blown off to pieces.

The sneeze's magic powers were released towards me just as usual, so that wasn't the direct reason that the ring was broken.

The other phenomenon, the magical malfunction caused it to happen.

The ring that would get destroyed when one cheats, and with the malfunction, it might be destroyed even if she does not cheat on me, or maybe she doesn't cheat so it got broken.

"Lucio-chan"

Balthazar had sad eyes.

I felt a heart ache.

Right before it happened, she was smiling.

She was happy, "With this, I can sleep with Lucio-chan while holding hands", it was right before she wore the ring.

"You want to try it one more time?"

"One more time?"

"Yeah.....『Magic Ring』"

I created the ring once again, and tried to put that on Balthazar's finger.

"He.....he....."

Balthazar frets, it seems like she was desperately holding her sneeze.

"—hekuchi!"

But she couldn't hold on.

She sneezed, the magic powers hit me, and the ring was broken into pieces.

"Hau～....."

Balthazar was close to tears.

I felt very sorry for her.

Feeling sorry for her, I thought of ways to do something about it.

"Supii～....."

At the same time when we entered the Grimoire Library, Balthazar made a snot bubble.

The young girl Demon King slept in the entrance while standing.

Putting into words, it was quite surreal.

This also couldn't be helped, just like how she reacts to magic with her sneeze, it seems like she reacts to Grimoires getting asleep.

To be sure, I tried to pull her outside.

Pachin, the snot bubble broke with a sound.

"Fuwwaa～.....good morning, Rusho-chan"

She said with a sleepy tone.

It looks like she wakes up when she gets away from Grimoires.

I also felt it was very like of her for this.

"You won't enter?"

"We already entered once though"

"Fue～? Is that so?"

"That's right"

I hesitated.

The reason that I took Balthazar here was to find the magic to solve the current situation within the Grimoire Library's archives.

And if she's like this, the possibility of her sleeping beside the Grimoire is very high.

I should wake her up using magic? No, it would probably malfunction as well.

U～n, what should I do.

And, when I was thinking of that.

"Ah!"

"Un? What is it"

"There's 1/3 Lucio-kun....."

A way of saying I heard already.

I turned to where Balthazar was looking at, and there, there was the appearance of Isaac being terrified, and running away.

Balthazar's body lit, the light of the magic chased after Isaac, and it turned him to a star-patterned slug.

This was also very like her.

I approached Isaac, picked him up, and sent him to a safe place using magic.

The sneeze exploded, and the magic malfunction.

The effect sending him away, changed into returning him back to normal.

Isaac returned to human form.....however, he was completely naked.

"R-Remember this～"

Isaac said that, and ran away.

I think that this time, I really did a bad thing, I should follow up using magic..... no, I shouldn't, right now.

I looked at Balthazar.

Suddenly, I noticed something.

"Balthazar"

"Call Bal, Bal-chan~?"

".....Bal. You, didn't you say that you can't use magic?"

"Un, I can't use it you know?"

She answered as if it was normal.

Un, I also heard this before, and I also confirmed it using magic.

She can't use magic.

"Then, what was that right now?"

"When I thought that Lucio-chan is enough with only one, it became like that"

"Hmm....."

Is that also the magic powers going out of control, or is she reacting to "me", with how she said it like 1/3 Lucio?

Then, if the density of "me" changed?

"Bal, wait here for a while"

"Eh~, why?"

"Just listen. I'll return quickly"

I left Balthazar, and entered the library.

I confirmed Balthazar not entering(she probably can't enter, because she'd fall asleep), and used magic.

"『Time Shift』"

I summoned me from the future.

"You know what to do"

"Yeah"

"Let's go"

Future me nodded.

I used magic furthermore.

"『Coalescence』"

The magic covered me and the future me.

My sight was flashed by white, and when it clears, future me disappeared.

""With this, it should do it""

Instead, my voice became weird.

A voice that was like the same voice overlapping.

I summoned the future me, and furthermore, I used magic to combine.

And in that condition, I went outside the library.

Poka～n, Balthazar was stunned.

"It's 2x Lucio-chan.....why?"

""You can tell""

KokuKoku, Balthazar nodded.

So, then, if it's in this condition?

""『Magic Ring』""

I used magic.

I got cautious to be sure, and used magic.

A ring appeared on my palm.

She didn't sneeze. It looks like she doesn't sneeze with 2x me.

I took Balthazar's hand who was stunned, and put the ring on her ring finger.

"....."

"".....""

After a while, nothing happened.

Or specifically saying, nothing weird happened.

The ring did its normal effect, and turned into one with Balthazar's finger.

I confirmed that, removed the magic, and returned the future me.

He made a thumbs-up. That's not needed, that information.

The future me disappeared.

I turned to Balthazar. I took her hand wearing the ring.

I stared at her.

She didn't sneeze, and there wasn't any malfunction.

The ring made by 2x me, it was properly releasing light from Balthazar's finger.

"Bal"

"Fue? W-What~?"

I stared at her with a serious face.

"Please become my wife"

Once again, I proposed to her properly.

Chapter 90 – Getting Along With Each Other is Beauty.....I Think?

"Lucio"

"My Senjukou!"

When I was reading Grimoire/manga in the Grimoire Library, I heard a familiar voice.

When I raised my head, Ojii-san and the King in his incognito appearance entered at the same time.

"What happened?"

It's about the two of them, I guess that they are competing again about something.

"My Senjukou, hear me out. Luka that guy—"

"It is not good to lie, in the first place—"

"Supii～....."

The two were quarreling but the instant they heard the leisure sound, they stopped fighting.

At the same time, they paid attention to the source of the sound.

Balthazar is sleeping with a snot bubble beside me.

In the space called the Grimoire Library where lots of Grimoires exists, she fall asleep like 2 panels in a manga just as usual.

That was as usual, but there are something that isn't.

That was, she was holding my hand.

She was sleeping while holding my hand.

Looking at her, Ojii-san and the King got surprised.

"Lucio, who is that girl?"

"Are your eyes full of holes. Look, look at the hand of that girl holding my Senjukou's hand"

"Hand? Mu! This, a ring. I see, Lucio's wife huh"

"That's right"

For some reason, the king was proud and raised his chest high—–I wonder why he's the one who's getting proud of it.

"You married a new wife again, Lucio"

"Un, that's right. Sorry, we were so busy, so I couldn't send the message"

"You do not need to worry about that, Lucio"

"About this, it is exactly as Luka says. A man like my Senjukou, something like getting wives, you do not need to report to us"

"Umu, that's right. However, if it's like this, we need to send you wedding presents"

"That's exactly right. Wait for a while, my Senjukou. I will send it very soon"

"Wait for it, Lucio"

The two turned around at the same time, and started to walk away.

If they started competing on what they would gift us, it would be a quite terrible.

I stopped the two in a hurry.

"Wait. Rather than that, Ojii-san and Ou-sama, didn't you came to me for something?"

"Mu?!"

"That's right!"

They were about to run off, but turned around to me at once.

Their expressions were just like when they appeared, it was filled with hate—–although that was said, these two get along with each other—–it returned to that.

"Hear me out, Lucio, Abe wouldn't believe what I'm saying"

"Do not listen to Luka's delusions. Who would believe that he is super handsome when he's young"(TL: Ikemen) Ah~, I see. They're having an argument about how cool they were when they were still young.

"You have forgotten a very important thing, Abe. I am Lucio's grandfather. The same blood flows within us"

The saying about having the same blood, was it something the person from above would say.

"MunyaMunya~.....it's 18.75% Rusho-chan~....."

Balthazar started to say gibberish in her sleep. You, you're actually awake right.

"There has been a dragon born from a dragon fly"

That's really amazing if it's true!

"Are you really not planning to believe me"

"If you are saying such exaggerated delusions"

"And so, Lucio! I'm asking you to cast magic on me"

"Magic?"

"Cast magic on me, and return me when I was still young. If he sees the real thing, Abe should also get convinced for sure"

"I see, it was like that"

I finally get the story.

"Ou-sama, are you fine with that?"

"Umu. Do it, my Senjukou. I will laugh at Luka who rejuvenated, but still isn't that much"

Please stop teasing him.

Well, if that's the case.

The magic should be.....let me think,『Fake Growth』should do.

I have used it up until now to make my wives into adults, but it can also be used as making someone become a child--making someone younger.

I instantly searched for the magic spell inside my head, and turned to Ojii-san.

"Then, I'm going to do it, Ojii-chan"

"Umu, please do"

"『Fake Growth』"

"Hekuchi"

Instantly, the magic powers exploded.

Oh no, I forgot.

She was sleeping peacefully, so I forgot about her.

Balthazar who was making malfunctions to my magic was beside me.

I instinctively created a shield, and guarded it to make the magic powers to be released only to me.

Waiting for a moment, the smoke of the magic powers cleared, and the vision returns.

And then, I see a tremendous scene.

".....Ojii...chan?"

"What is it, Lucio"

Surprisingly, Ojii-chan's appearance changed.

No, I mean, it is good that he changed that it's magic that changes one's appearance, but the way he changed was ridiculous.

Ojii-chan rejuvenated--and became a lady who's about 20 years old, brought up with care.

He(She?) was wearing clothes that would instantly kill virgins--honestly, it's pretty.

"L-Luka.....you, you were a girl?"

"What are you saying? I am a man.....ara?"

Ojii-san(?) was surprised with his(her?) own appearance.

"Lucio, what happened here?"

"Sorry, I'll return you back immediately. 『Fake Growth』"

"Hekushi"

I wronged again, this is entirely my mistake.

I used magic in a panic, there was a sneeze again, and the explosion happened together with the malfunction.

"What is it really~. My Senjukou! What does this mean?"

"....."

I lost my words. I lost my words to the greatest friendly fire.

This time, the target even malfunctioned.

The King changed into a twin-tail bishoujo with a very lovely smile!

Two consecutive mistakes, and the results are the two of them.

Virgin Killer Lady(Ojii-san) and Twin-Tail Killer Smile(the King) faced each other.

They stared at each other, and, for some reason, their cheeks blushed.

"You, you're quite cute"

"I-I know that even if you don't tell me! I don't need you to tell me that"

"Hey, a girl shouldn't speak like that you know"

Ojii-san placed a finger on the King's lips saying that.

And then, the King had a flushed face, and ran away.

"Ah! Wait"

Ojii-san ran after him in a hurry.

How can I say this, I feel like I saw a Yuri-like thing just now.

I got stunned and petrified.

The malfunction changed not only Ojii-chanz' appearances, but also their personality.

In a later date, between the two who have come to compete against each other, there was somehow an awkward air flowing between them.

Chapter 91 – The Strongest Husband

Inside the mansion, afternoon.

Just as usual, Balthazar was holding my hand.

Since I put a ring on her, she won't let go of me, holding my hand whatever she does.

At first, it felt very inconvenient, but recently, it doesn't seem to be like that anymore.

"What should we do today. Do you have something that you want to do?"

"Bal is okay, just being like this you know?"

Balthazar said her usual answer.

Tilting her head, she answers like "it's okay just being like this, so what?".

"I see, then, that's fine too. I'm going to read Grimoires"

"Okay~. Lucio-chan, he's cute when he's reading, so I like watching"

"You aren't watching though"

I made a wry laugh.

When I start reading manga—I mean, Balthazar would start sleeping with a snot bubble when she's near Grimoires.

There was no way that she would be looking at my face, rather, it's her who was sleeping that is cute.

Well! That is good as well, so I should just read manga.

Thinking of reading a new manga, I stood up, but at that time.

"Luccio-ku~n"

The door was thrown open, and one of my wives, Nadia jumped inside the room.

She ran to me with an excited face, and she lowers her upper body, matching her line of sight with me who is sitting.

"Lucio-kun, Lucio-kun, I saw something good, so let's go play with that today!"

"Something good?"

"Un, something good. Hacchan is fine with that?"

"Bal, she's fine being just like this with Lucio-chan you know?"

"That is"

Nadia pulled Balthazar's hand, forcefully making her stand.

"Ah!....."

Our holding hands got released, and Balthazar made a heartbreaking face.

"You should hold hands when sleeping at night okay!"

"Un.....I got it"

She tries to hold hands again, but she was convinced by Nadia.

"And then, what is the "something good"?"

"That is....."

She took us to the outskirts of La Linea.

I came to the flower garden that we frequently visit with Nadia and Balthazar.

Nadia who was in the lead approached one tree, stopping at a little far away place, and turned to us.

"It's this"

She said, and pointed at the ground.

Looking at it carefully, there was a finger-sized hole, and ants with red body were coming out from inside.

"This, are you pointing at this ant's nest?"

"Un"

With a face full of smile, Nadia nodded with very excitedly.

"What would we do with this?"

"Let's explore! Just like that thing that we did before"

"Ahh, that huh"

I nodded.

It was a game I played with my wives a lot of times.

The game where I'd make our body smaller, and while holding weapons or tools for attacking, exploring inside the nest.

She's suggesting that we should do that.

"I know that, but why now"

"Because, Hacchan hasn't done it yet right? Since it's a good timing, I want to do it with Hacchan you know"

"Ahh, I see"

I looked at Balthazar who was clueless like *Poka～n*.

I see, it was like that huh.

Thinking of it carefully, I feel like I did the same thing during the time with Veronica.

It's like, Nadia's way of welcoming her huh.

"I got the story, but then, shouldn't we just do it inside the mansion?"

"Around the mansion, there isn't any ants anymore. I saw a roach-chan, but Sylvie would get afraid with just hearing about doing something with roach-chan"

"I see. Sylvia isn't good with cockroaches after all"

Well, if that is so.

"I got it, let's do it"

"What are we going to do, Lucio-chan?"

"Well, just look"

Nadia and Balthazar, I faced my two wives, and casted magic.

I took a glance at Balthazar.

Since there would be a malfunction.....

"『Big』"

"Hekuchi!"

Balthazar sneezed.

The magic powers hit me directly.

That's right, since there would be a malfunction in the magic with this happening, I used magic that would make someone bigger rather than smaller.

And after that malfunctioning, there would be no problem if we get smaller.

Well then.

The smoke of the magic powers that hit me directly started to clear.

"A-re?"

Nothing changed.

Nadia and Balthazar are still standing in front of me.

With a glance, their size hasn't changed, but even so, my size didn't change as well.

"We didn't, change?"

"We didn't change, Lucio-kun"

"This is strange. Not becoming bigger, or not becoming smaller. Does this mean that it didn't malfunction, but rather, erased the effects completely?"

"You want to try again?"

"I guess so"

"Lucio-chan, ne~, ne~, Lucio-chan"

Balthazar grabbed my finger, and pulled me.

"What is it"

"That"

"That?"

At the place where Balthazar was pointing to, Nadia and I turned there.

"Gege!"

Nadia raised her voice, but I feel the same way.

At that place.....there was a monster.

It was an ant.

There was an ant there, that has a body length of about 3 meters.

It wasn't only one, the same thing crawls out of their nest one next to the other.

"What does this mean?"

".....the thing that malfunction wasn't the effect, but the target"

"Eh?"

"It means that, the magic that makes something bigger didn't make someone smaller, but rather, the magic that should've been casted on us changed its target to the ants"

"Oh~. I see!"

"Big ones~, there's a lot of them~"

Balthazar leisurely whispered.

"Thank goodness it isn't roach-chan. Sylvie's heart would've stopped"

Nadia said comment leisurely with a different meaning.

"I mean, it isn't the time for that. We need to either return them back or defeat them"

"That's right! If this continues, the ants would go towards the town"

Nadia finally felt a sense of urgency.

It's because, the ants that became giants crawled down from the hill of the flower garden, and started to march towards La Linea's direction.

It looks like they're going to attack the town.

If this goes on, the giant ants——the ants larger than humans will attack the

town.

Gigantic insects are more difficult to deal with compared to normal monsters.

"I can't leave them alone. I'll go and exterminate them"

This isn't a situation for playing games.

"Wait here. I'm going to clean them up"

"Un. Do your best, Lucio-kun"

"Bal will go too"

"Don't Hacchan"

Nadia stopped Balthazar who wanted to follow.

"Why? Bal is the Demon King you know?"

"That's why I'll be useful in fights", Balthazar wanted to say.

And that, Nadia smiled with a grin.

"No, no, you shouldn't, it's Lucio-kun's job at times like this. We are going to watch Lucio-kun's actions here"

"Actions?"

"That's right, his actions that are so cool"

"Lucio-chan is super cool you know?"

"He would get super super cool"

"Super super....."

Balthazar tilted her head, thought of it, and looked at me.

And finally, she looked down with flushed cheeks, and looked at me with her lovely eyes from below.

She probably imagined something.

"Let's wait here together okay"

".....un"

"And so, with that, do your best, Lucio-kun! We'll be watching from here"

"Yeah"

Nadia with a smile, and Balthazar with bashfulness.

Being sent away by the two, I ran.

I went down from the hill full force, and after taking enough distance from Balthazar.

"『Fly High』"

I flew to the sky.

I took a glance behind me. I saw the two's appearance in the size of a bean.

That's right, I need to let them see my cool side.

My wives are expecting it, it's the husband's job to answer.

I turned around, and looked at the group of ants in the front.

The ants that were gradually increasing had already reached the number of several hundreds, and they are still continuing to increase.

I took a deep breath, and charged my magic powers.

"『Weather Change・Disaster』"

The ground shook, the sky was split.

The lightning roars, and a rain of thunder poured down.

The ancient magic that creates natural disasters, I activated it with a way of limiting its range, it was something I learned when started to go out with Balthazar.

I couldn't help but look forward to what expression would Balthazar make after seeing this.

Chapter 92 – The Ideal Garden Where the Four Wives Exist

Night in the bedroom, I am reading manga after coming out of the bath.

The one I have in hand is the manga that I took from the Grimoire Library, it's a manga with a story of five boys and girls and inventions, a manga that is reminiscent of a blue machine cat.

And the magic that I could learn from it is called『Warehouse』, it's a magic that would open dimensional walls and connect them to a small space or vault.

By the way, it's a series, so the numbers of vaults would increase each time I finished reading a volume.

"Lucio-sama"

"We got out of the bath~"

When I have read up to near the end of the volume, the door opened, and Sylvia and Nadia entered.

Just as she said, my two wives had just got out of the bath, and they were wearing lovely pajamas with their cheeks flushed.

"Ah! Nadia-chan, it's dangerous if you run"

"Kyahho~!"

Nadia ran, and dove into the bed.

Sylvia was a bit slower than her, but she casually went on top of the bed.

"Is Lucio-sama reading Grimoire"

"Yeah, I just saw a new one. It's a series with 50 volumes, so I think it would take time to read all of it"

"50 volumes.....that amount, a normal person's whole life would not be enough....."

"I guess so. If it's me, I could read it within 2 days if I read it through the night,

well, about a week if I take my time"

I remembered before when I entered the manga cafe taking up the night offer.

I remembered the subtly painful memory, when I thought of reading a popular series from the first volume overnight, but I couldn't finish it so I asked for an extension.

"Ne～, ne～, what magic is that"

Nadia asked with an excited face.

"It's something like this--【Warehouse】"

The space opened, and I put my hand inside.

And took out the comb I prepared from there.

"Like this, it's a magic that creates a storage space, and enables to put things in and out anytime. Sylvia"

I called her name, and passed her the comb.

Sylvia received that, and started to comb Nadia's hair with a smiling face.

"Hoe～, isn't that a super convenient magic"

"I think, it's better described as plain but convenient"

"Ne～, ne～, can you put anything inside that?"

"Anything, no matter how big it is, there would be a restriction with only one each room"

"Anything?"

"Anything"

"Even ants that became giants?"

"It can enter. It would be only 1 of them each room though"

"Amazing～"

"Ah! Nadia-chan, don't move"

"Ahaha, sorry, sorry"

Nadia laughed, and behaved just as she was told.

The two were both my wives, and best friends.

Sylvia happily fixed Nadia's hair, and Nadia also enjoyed letting Sylvia do what she does.

I left the Grimoire open on the top of my lap, and held Nadia's hand.

Sylvia saw that, and appealed, dexterously fixing Nadia's hair with one hand, so I also held her hand.

Holding hands, it is our house's number one skinship.

It was soft, warm, and smells good.

My heart and mind, it calms down.

We were like that for a while.

"Today, the time feels slow"

Sylvia said as if to whisper.

Nadia and I caught each other's eyes, and the three of us smiled.

No one answered, there weren't even the words "Yeah".

We relaxed, and the time passed very comfortably.

"Ah! They came back"

The one who broke the silence was Nadia, and footsteps for two people.

I casted two magic spells. I kept the Grimoire I had in the vault.

Right after that, the door was suddenly opened, and Balthazar entered.

"Lucio-cha～n"

Diving just like how Nadia did, Balthazar jumped onto me.

"Hey! Wipe your hair properly"

Just a little late, Veronica entered seemingly angry.

Balthazar and Veronica were also in their pajamas, it shows that they just got out of the bath with their flushed cheeks.

The two of them went on top of the bed.

"Lucio-chan, you know, Bal, she entered the bath properly you know?"

Balthazar said that looking up to me.

She was like a dog whose tail was wagging, like "praise me~, praise me~".

"What are you saying, am I not the one who did everything"

"Did Veronica wash her?"

"Yes. If I did not do so, that girl would have only taken a quick dip. And on top of that, she would refuse it although Amanda would say she would wash her"

"Is that so"

I looked at Balthazar, *Kyoton*, she answered with a clueless face.

"Bal is Lucio-chan's wife you know?"

".....you're my wife, that's why you don't want Amanda-san to wash you?"

"Un"

"There isn't any problem if it's Veronica"

"Vero-chan is also Lucio-chan's wife you know?"

"I see"

She's dividing the line like that huh, I feel like it's a bit interesting.

Veronica had a face like "Yareyare", and wiped Balthazar's tower with the towel she took with her.

Seeing that I was about to do something, she stopped me with eyes that were saying "just relax".

Balthazar had a happy smile, and Veronica was as if she became a mother.

The other magic that I casted before she entered--the two hands that I prepared so beforehand so that there would be no malfunctions.

I slowly held Veronica and Balthazar's hand.

Veronica had a stiff, but content face, and Balthazar was like "Funyaa~".

I held my hands with my four wives.

Sylvia, Nadia, Veronica, Balthazar.

We held our hands in within the gentle atmosphere, and my heart and mind became lighter.

"Ne~, ne~, how should we play tomorrow"

"Would you like to go the bottom of the sea again?"

"Balthazar-chan has yet to go there too, so that might be good as well"

"Bal is fine anywhere as long as Lucio-chan is with her you know?"

With me in the center, I held my hands with my four wives, it was a fulfilling married life.

This day, I feel like I fell asleep in the most peaceful way since I was born in this life.

I feel, that my ideal home is completed.
